

Horn of Africa Drought: CERF Support in 2011

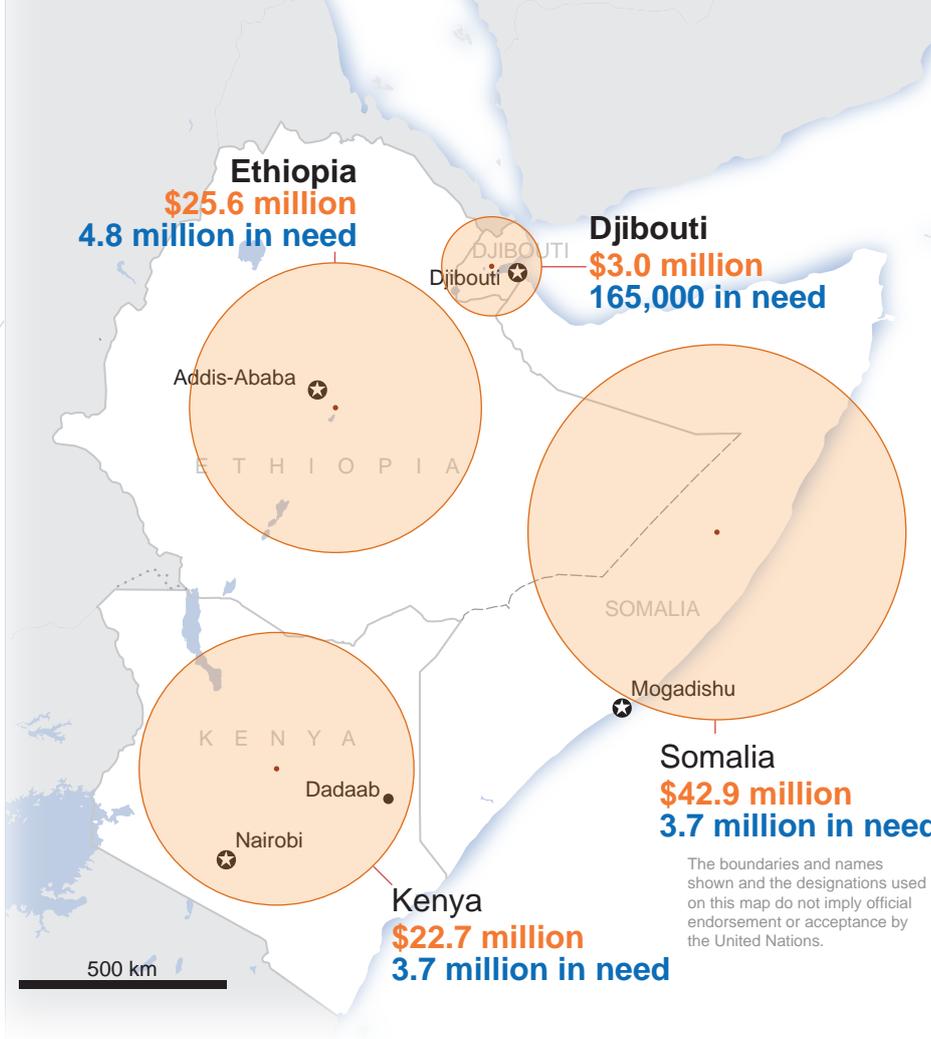

Drought in the Horn of Africa has left 12.4 million people in need of help. While international attention to the emergency has peaked in recent weeks, CERF funds have been addressing the crisis since rainfalls failed at the end of 2010. More than \$94 million dollars has been allocated to drought-affected countries this year.

Allocations by country, as of 28 July 2011

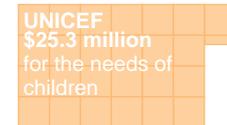

Amount allocated
Number of people in need

Top donors to the CERF in millions
