# Syria Operation Overview (February 2017)

Highlights:

- In February, the Logistics Cluster coordinated two Inter-Agency Humanitarian Convoys to hard-to-reach areas, in close collaboration with SARC and OCHA.
- Much needed humanitarian supplies were transported to this location on behalf of five organisations.
- As part of the airlift operation between Damascus and Qamishli, 46 flights were conducted in February, delivering both food and non-food items to the city.
- 10,000 litres of WFP-procured diesel were provided to UNHCR while 10,000 litres of diesel were provided to IMC and ICRC on a cost-recovery basis.

Transport and Storage

- In February 2017, as part of the Inter-Agency Humanitarian Convoys, 3,608 m³ of relief cargo was transported to ar-Rastan and Talbiseh in Homs Governorate including Food, Health, Nutrition and WASH items.
- The Logistics Cluster has also facilitated the transport to and from accessible and secure locations inside Syria on a cost-recovery basis of 650 m³ of much needed Protection, Shelter, WASH, Health, Nutrition and Education supplies on behalf of ICRC, IOM, UNFPA, UNHCR and UNICEF.
- In February, 46 airlift rotations were conducted from Damascus to Qamishli, transporting 3,363 m³ of much needed humanitarian supplies on behalf of WFP, UNHCR and UNICEF.
- In addition, the Logistics Cluster stored 1,303 m³ of newly received humanitarian goods in its common storage facilities in Homs, Qamishli, Lattakia and Rural Damascus on behalf of IMC, IOM, Norwegian Refugee Council, Oxfam and UNICEF.

Storage by item type - February 2017

health 3% | shelter 45% | WASH 22% | protection 21% | education 1% | nutrition 3% | food 3%

Coordination & Information Management

- Logistics Cluster coordination meetings are regularly held in Damascus, Amman, Gaziantep and Antakya and are regularly attended by key humanitarian actors, in order to discuss logistics bottlenecks and develop common solutions for improved humanitarian response.
- The Logistics Cluster's information products include maps, situation reports, capacity assessments, infographics, and real-time flash logistics updates, which are available on the dedicated Syria Logistics Cluster webpage: http://logcluster.org/ops/syr12a
- In addition, supplier lists, indicative transport and warehousing price lists are available upon request.
