

The United Nations Humanitarian Response Depot (UNHRD) is a network of depots around the world (in Ghana, Italy, UAE, Malaysia, Panama, Spain) that stores, manages and transports emergency items on behalf of the humanitarian community. Strategic stocks of relief goods are available at any given time and, at the onset of an emergency, UNHRD is ready to dispatch immediately.

UNHRD provides logistics services and supply chain solutions for 64 partners including the United Nations, government and non-governmental organizations.

Ambulances funded by the *World Bank* for Sierra Leone arrived from HRD Dubai over the weekend. And critical equipment and High Energy Biscuits (HEBs) were airlifted, thanks to the *German government*, from Accra to Sierra Leone and Guinea, respectively. Last week alone, UNHRD dispatched more than 370 MT of goods worth USD 3.6 million. Weekly shipments are ongoing.
