## TOP 10 priorities in the CAR crisis

## REGIONAL REFUGEE RESPONSE AT A GLANCE

One year on from the start of the conflict in the Central African Republic, more than 850,000 people, one-fifth of the country's population has been displaced both within Nigeria and in neighboring countries. UNHCR's protection and response strategy seeks to ensure the respect of the human rights of refugees and identify and implement durable solutions including support to local integration and voluntary return to the Central Africa Republic.
