

Overview of the Food Security Cluster: Bangladesh Emergency Response

The FSC objective is to meet the short term food security needs of vulnerable population affected by the floods until the next cropping season, for the first three months. This 2nd dashboard summarizes the progress made by FSC partners involved in the River and Monsoon Flooding and highlights trends regarding the response.

FOOD SECURITY CLUSTER UPDATES

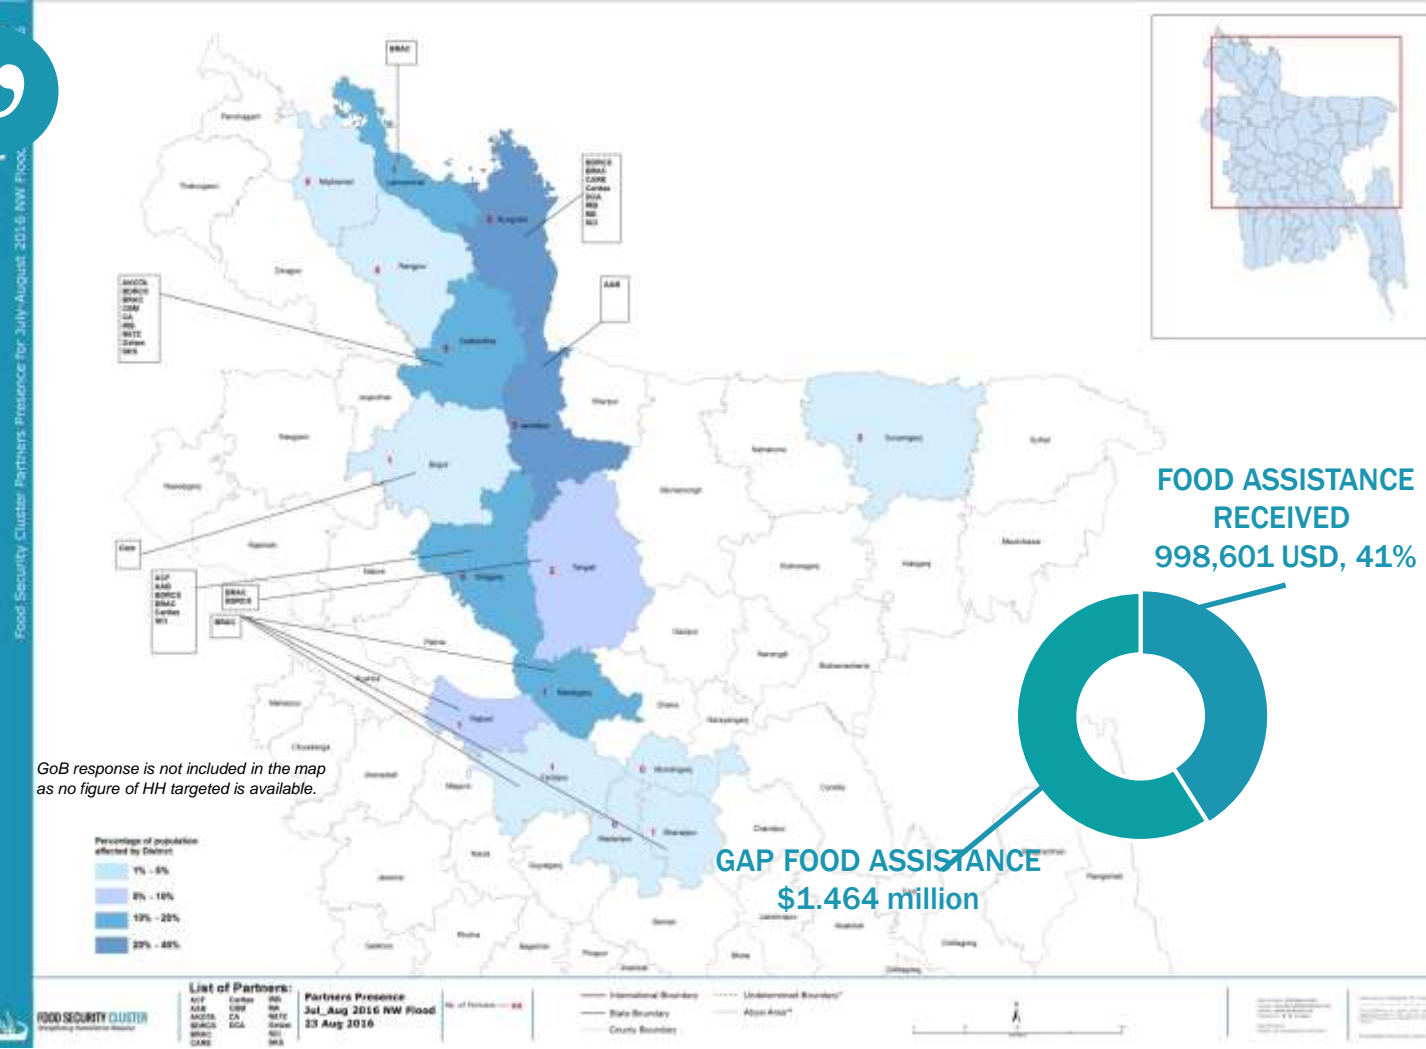

01 19 districts affected. 5 districts: Jamalpur, Kurigram, Gaibandha, Tangail and Sirajgonj are the targeted districts for the Humanitarian Response Plan.

02 In two districts, Tangail and Jamalpur, the response is below 10% of households reached.

03 Government allocated **10,110 MT** of rice to 19 affected districts as well **43.45 million BDT** cash and Dry Food worth 28 million BDT to the affected population
