

Syrian Arab Republic (Northern Governorates): Displacements in NE Aleppo Governorate, 1-28 February, 2017

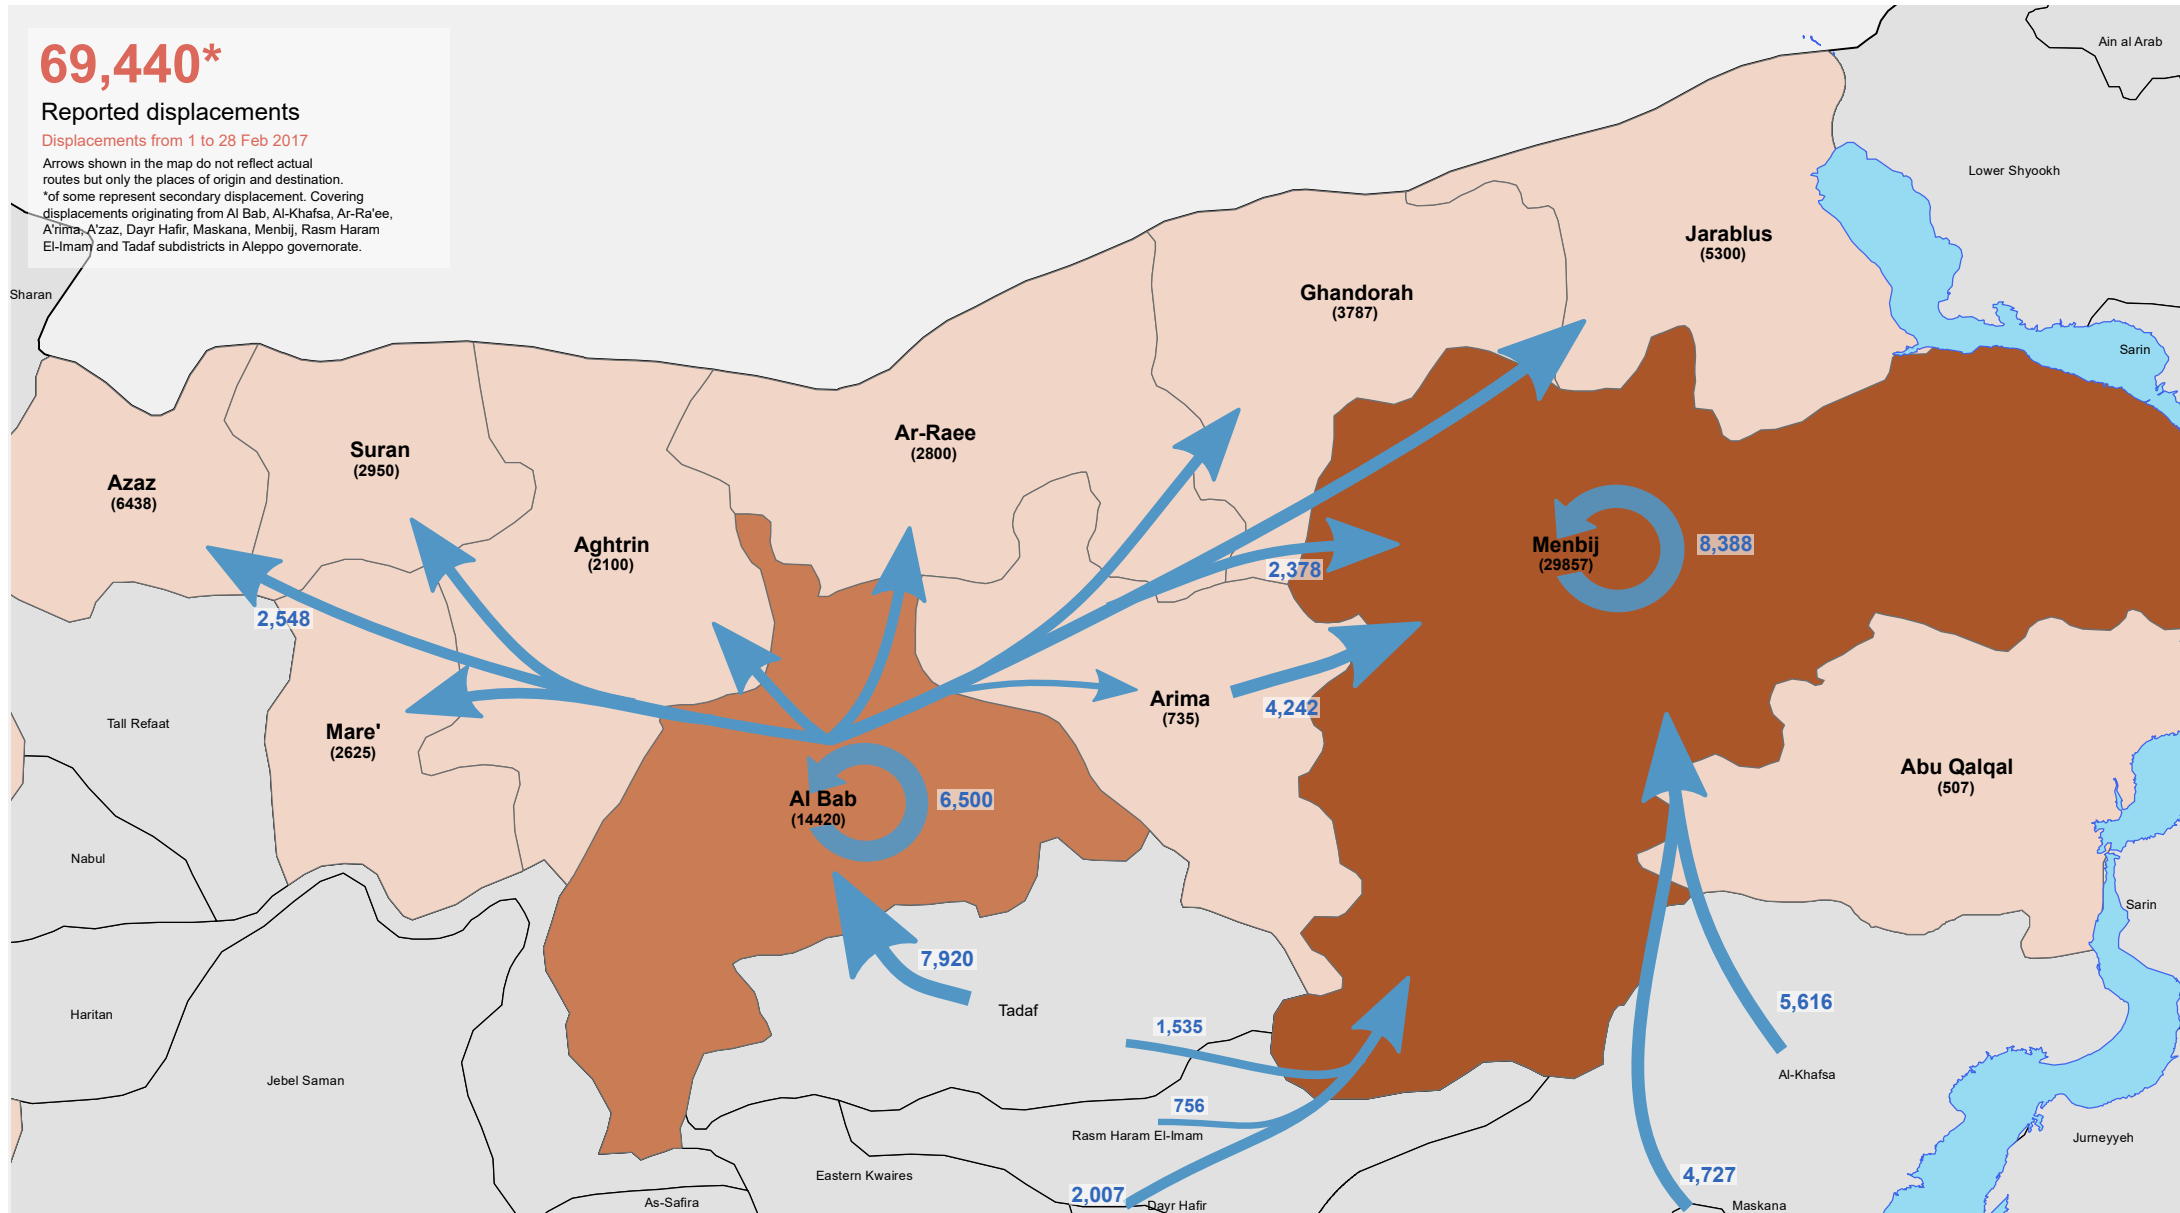

Number of cluster member organizations that provided input for this data is 38

69,440*

Reported displacements

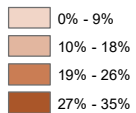

Displacements from 1 to 28 Feb 2017

Arrows shown in the map do not reflect actual routes but only the places of origin and destination.
 *of some represent secondary displacement. Covering displacements originating from Al Bab, Al-Khafsa, Ar-Ra'ee, Ar'ima, A'az, Dayr Hafir, Maskana, Menbij, Rasm Haram El-Imam and Tadaf subdistricts in Aleppo governorate.

Legend

Arrivals in subdistrict
 (% of all arrivals from 1 to 28 Feb, 2017)

- Governorate boundary
- Subdistrict boundary
- Name (xxxx)**
- Subdistrict name**
- Total arrivals 1 - 28 Feb**
- New displacements reported from 01 to 28 Feb, 2017
- New displacements within the subdistrict

The arrows on this map illustrate the reported **displacement flows** in North-East Aleppo governorate between February 1st and 28th, 2017. The **arrows** display the flow of displacements during this period, particularly departing Tadaf and Al Bab subdistricts and, in part separately, entering Menbij subdistrict. If displacement numbers are not marked (blue) the displacement flow was equal to the total arrivals during the month. **Colors** on the map indicate the arrival of IDPs as a percentage of total reported in Northern Syria during the month of February.

This data was provided by CCCM Cluster member organizations and was validated through triangulation and verification by the CCCM Cluster. This data is for humanitarian use only. Draft.

Disclaimer: The boundaries and names shown and the designations used on this map do not imply official endorsement by the United Nations. The data for this map is reported by 38 unique humanitarian actors and a limited number of other sources, who may be parties to conflict. The data has not been independently verified and is subject to error or omission, deliberation or otherwise by the various sources.
