### Pre-displacement area of residence

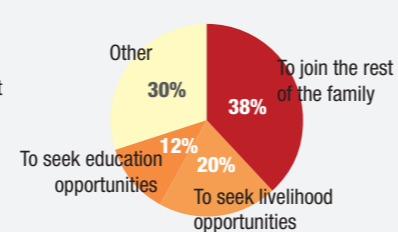

### Reason for Entry

648 total entries

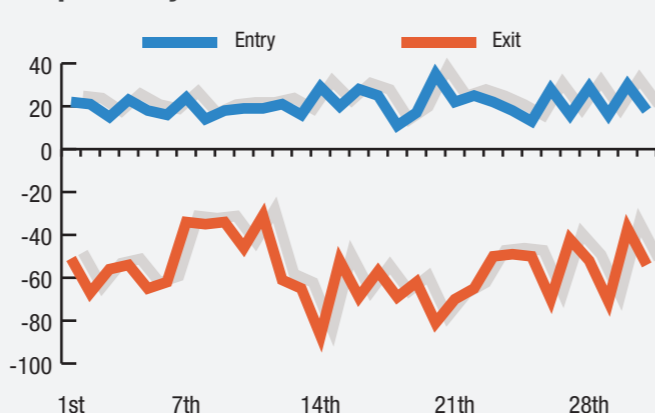

### Reason for Exit

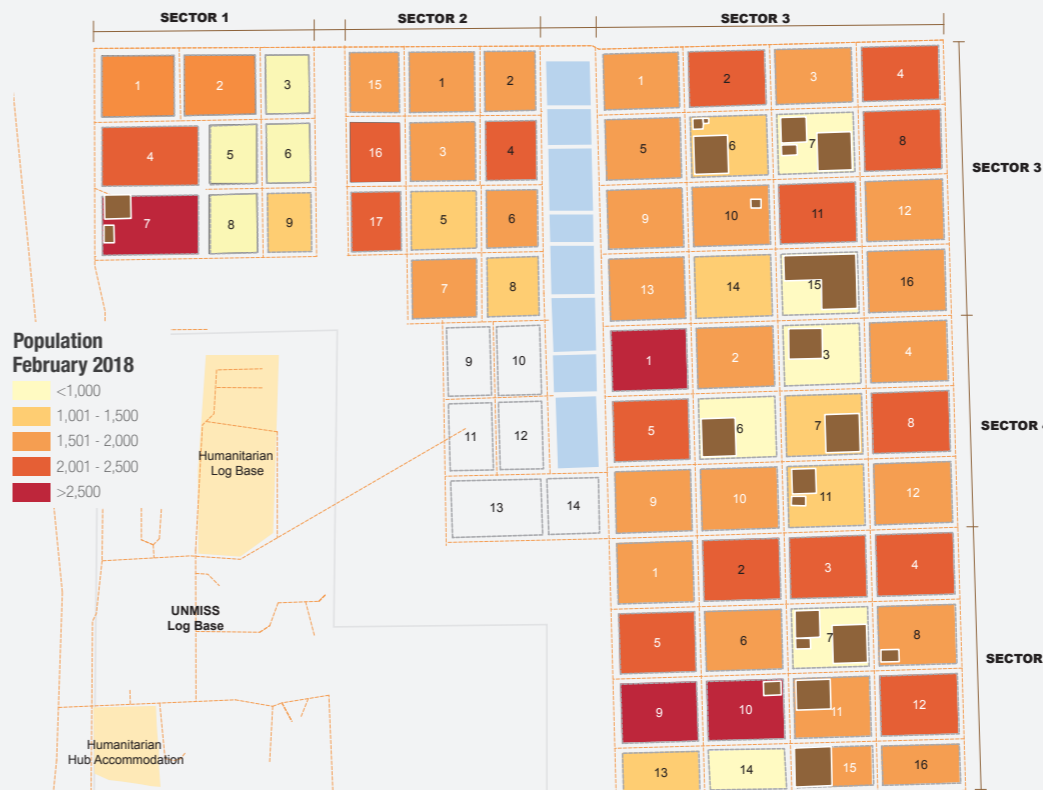

1,748 total exits

### Graph - entry and exit over time

## \*\*Population Heat Map as of March 2018

\*Biometrically registered population: cumulative number of individuals registered biometrically in the PoC.

\*\*Population count: estimates the number of individuals residing in the PoC by taking into account the number of people who stay overnight in each shelter during a 3 day exercise conducted twice a month.

The population count is the estimated camp population for which the standard indicators are calculated.
