Syrian Arab Republic (Northern Governorates): Displacements in north-west Syria, 1-18 September 2018

39,536*

Reported arrivals (September 1-18, 2018)

* Overall arrivals tracked by the CCCM Cluster in north-west Syria.

On September 7-10, airstrikes intensified in southern Idlib/northern Hama governorates. This led to significant displacements of IDPs to other areas in Idlib. Displacements have continued in the following days.
