200+

HUMANITARIAN ACTORS REGISTERED BY OCHA WHO ARE RESPONDING TO THE EFFECTS OF HURRICANE DORIAN

Preliminary assessments in Grand Bahama and Abaco found widespread destruction, with thousands of houses levelled, telecommunications towers down, and water wells and roads damaged.

With the arrival of evacuees in shelters in Nassau in the past days, humanitarian organizations are liaising with NEMA to support assistance to evacuees in the capital.

Humanitarians also continue to reach people remaining in Grand Bahama and Abaco. Relief assistance mostly arrives in Nassau and is dispatched to affected areas.
