

# BAHAMAS HURRICANE DORIAN SNAPSHOT

13 SEPTEMBER 2019

The Government-led Response to Dorian is ongoing, with a highly fluid situation due to evacuations and the ongoing delivery of assistance by several entities in multiple locations and islands - **numbers are changing on a daily basis**. Regular assessments are required to obtain updated information on people's needs. Recognizing that both the situation and the response evolve rapidly, OCHA encourages partners to continue providing updates on their activities at [bit.ly/BHSUsefullinks](http://bit.ly/BHSUsefullinks)
