The severity of humanitarian needs in Cameroon is increasing due to the prolonged crises, insecurity and related displacement, the impact of COVID-19 and floods, which eroded remaining household resilience. Furthermore, areas previously not impacted by humanitarian crises are now affected by food insecurity, aggravated by COVID-19. The Humanitarian Response Plan 2021 targets 3 million people out of the 4.4 million in need of assistance, requiring 362 million USD.

**Strategic Objectives**

- Reduce mortality and morbidity of 1.5 million people affected by crisis
- Reduce the protection needs of 1.1 million people affected by crisis
- Reduce vulnerabilities and strengthen resilience of 831,000 people affected by crisis

**Key Figures**

<td>4.4M</td>
<td>3M</td>
<td>362M</td>
</tr>
</tbody>
</table>

*The Cameroonian Government’s estimated budget to respond to the needs of the targeted people is US$ 100 million

**Commitments for 2021**

- Strengthen rapid and multisectoral response to shocks
- Increase humanitarian access and secure humanitarian space in the Far North, and the North-West and South-West regions
- Reduce vulnerabilities through strengthened collaboration with Government and development partners
- Strengthen accountability to affected populations

**Financing**

- Revised requirement
- Original requirement
- Funded as of 31/12/2020 in million USD
## Food Insecurity

The map illustrates the Food Insecurity Prevalence in various regions of the countries. The colors represent different levels of food insecurity: Not Analyzed, Minimal, Stressed, Crisis, Emergency, and Famine. The countries shown include Niger, Chad, Central African Republic, Nigeria, Congo, Gabon, and Equatorial Guinea.

### Severity of Needs

- **Food Insecurity Prevalence**
  - Not Analyzed
  - Minimal
  - Stressed
  - Crisis
  - Emergency
  - Famine

### Number of People in Need

- **Nigeria**: 1,000,000
- **Chad**: 500,000
- **Central African Republic**: 100,000
