## ***Somalia – Complex Emergency***

Fact Sheet #16, Fiscal Year (FY) 2007

April 27, 2007

*NOTE: The last fact sheet was dated April 13, 2007.*

### **KEY DEVELOPMENTS**

- Nearly 365,000 people fled Mogadishu due to fighting between February 1 and April 27, according to the Office of the U.N. High Commissioner for Refugees (UNHCR). The increase from 213,000 as of April 13 represents both the continued outflow from Mogadishu, as well as improved surveillance in Mudug and Galgadud regions north of Mogadishu, according to humanitarian organizations operating in the area. While insecurity and limited access continue to hamper response efforts, relief agencies are providing emergency relief commodities to vulnerable populations in Lower Shabelle, Lower Juba, Galgadud, and Mudug regions.
- On April 19, the U.N. released a revised 2007 Consolidated Appeal (CAP) for Somalia. The updated CAP reflects the improved food security and livelihood conditions following the successful short rains season in October-December 2006. However, floods and conflict have resulted in the need for infrastructure rehabilitation, early recovery, disaster prevention, and livelihoods interventions. The appeal seeks \$262 million for 146 projects to benefit approximately 1 million Somalis in need of assistance.

### **HUMANITARIAN FUNDING PROVIDED TO DATE (FY 2006 AND FY 2007)**

<b>USAID/OFDA Assistance to Somalia</b> .....	<b>\$17,160,559</b>
<b>USAID/FFP<sup>1</sup> Assistance to Somalia</b> .....	<b>\$96,794,000</b>
<b>State/PRM<sup>2</sup> Assistance to Somalia</b> .....	<b>\$4,520,000</b>
<b>Total USAID and State Humanitarian Assistance to Somalia</b> .....	<b>\$118,474,559</b>

### **CURRENT SITUATION**

#### ***Health***

- The U.N. World Health Organization (WHO) has reported 16,579 cases of acute watery diarrhea (AWD), including 593 deaths, in southern and central Somalia from January 1 to April 7. As of April 7, up to one-third of the total cases were reported from Banadir Region, where insecurity has damaged water and sanitation facilities and hampered relief efforts.
- In response to high case fatality rates of nearly 7.8 percent in Baidoa town, Bay Region, and 5.0 percent in Wajid town, Bakool Region, USAID-funded WHO worked with U.N. agencies and the Transitional Federal Government (TFG) Ministry of Health to chlorinate major water sources, provide hygiene and water quality training, and deliver AWD treatment supplies in both areas.
- The International Committee of the Red Cross (ICRC) is providing clean water, rehydration salts, and relief commodities to displaced individuals in Lower Shabelle, Middle Shabelle, and Galgadud regions, as well as medical supplies to hospitals in Mogadishu.

#### ***Population Movements***

- Relief organizations in Galgadud, Lower Shabelle, and Middle Shabelle regions report the highest cumulative number of internally displaced persons from Mogadishu, followed by Mudug, Bay, and Hiran regions. In addition to population movements out of the capital, USAID regional staff based in Nairobi have also received unconfirmed reports of additional displacement within Mogadishu.
- Following an assessment that identified 26,000 displaced families from Mogadishu in 56 locations in Galgadud and Mudug regions, USAID partner CARE is preparing approximately 1,500 metric tons (MT) of food aid to be distributed to the 10,000 most vulnerable households in the area. CARE also began distributing emergency relief supplies to 2,700 families near Marka, Lower Shabelle Region, on April 19.
- On April 23, USG-supported UNHCR began distributing 28 tons of relief commodities, including plastic sheeting, blankets, kitchen sets, and water containers, to individuals temporarily settled in and around Afgoye, Lower Shabelle Region.
- UNHCR and local non-governmental organizations are providing emergency relief supplies and medical supplies to approximately 4,000 displaced people in Dhoblei, near the Kenya border in Lower Juba Region.

**Humanitarian Access**

- On April 23, U.N. officials met with TFG representatives in Baidoa to discuss restrictions on humanitarian relief efforts throughout southern and central Somalia. Recent TFG regulations regarding humanitarian assistance for conflict-affected populations had temporarily blocked access to stockpiled supplies, displaced populations, and host communities. According to the U.N. World Food Program (WFP), the TFG has granted humanitarian access to all airstrips in southern and central regions and approved WFP food distributions to conflict-affected communities.
- USAID regional advisors based in Nairobi continue to monitor humanitarian access and coordinate relief efforts with U.N. agencies and partner organizations in Somalia.

**USAID AND STATE HUMANITARIAN ASSISTANCE**

- USAID/OFDA emergency relief activities in Somalia benefit more than 2 million people affected by repeated shocks of drought, floods, and conflict. Current USAID/OFDA relief efforts in southern and central Somalia total more than \$10 million for critical assistance and coordination. USAID/FFP has provided more than \$15 million for food assistance to vulnerable Somalis to date in FY 2007. In addition, USAID/FFP directed more than \$81 million to CARE and WFP for emergency food distributions in FY 2006.
- State/PRM is assisting Somali refugees in Kenya and Ethiopia and relief efforts in Somalia through FY 2007 and ongoing FY 2006 refugee programs. To date in FY 2007, State/PRM has provided \$5.6 million in earmarked funding for UNHCR operations in Kenya, Ethiopia, and Somalia, and \$2 million to CARE for assistance to Somali refugees in Kenya. In FY 2006, State/PRM provided nearly \$15 million in earmarked funding for vulnerable populations in Somalia as well as Somali refugees in the Horn of Africa.

**USAID AND STATE HUMANITARIAN ASSISTANCE TO SOMALIA**

<i>Implementing Partner</i>	<i>Activity</i>	<i>Location</i>	<i>Amount</i>
<b>FY 2007</b>			
<b>USAID/OFDA ASSISTANCE<sup>1</sup></b>

<sup>1</sup> USAID/OFDA funding represents anticipated or actual obligated amounts as of April 27, 2007.

<sup>2</sup> Through a standing agreement with UNICEF, USAID/OFDA approved the use of \$250,000 in rapid response funds to Somalia.

<sup>3</sup> Estimated value of food assistance.

## PUBLIC DONATION INFORMATION

- The most effective way people can assist relief efforts is by making cash contributions to humanitarian organizations that are conducting relief operations. Information on identifying such organizations is available in the “How Can I Help” section of [www.usaid.gov](http://www.usaid.gov) – Keyword: Somalia or by calling The Center for International Disaster Information (CIDI) at 703-276-1914.
- USAID encourages cash donations because they: allow aid professionals to procure the exact items needed (often in the affected region); reduce the burden on scarce resources (such as transportation routes, staff time, warehouse space, etc); can be transferred very quickly and without transportation costs; support the economy of the disaster-stricken region; ensure culturally, dietary, and environmentally appropriate assistance.
- More information can be found at:
  - USAID: [www.usaid.gov](http://www.usaid.gov) – Keyword: Donations
  - The Center for International Disaster Information: [www.cidi.org](http://www.cidi.org) or (703) 276-1914
  - Information on relief activities of the humanitarian community can be found at [www.reliefweb.int](http://www.reliefweb.int).
