#### **❖ Funding to Philippines International Flash Appeal 2009**

**The Philippine Flash Appeal which was launched on October 6, 2009 originally requested \$74,021.801 for areas affected by TS "Ondoy" (NCR and Region IV-A) wherein 15 UN and NGOs submitted project proposals in 13 clusters. OCHA's Financial Tracking Service (FTS) indicates that as of 13 November 2009 the Flash Appeal was 36.2% funded (\$26 Million) with the Central Emergency Response**

Fund (CERF) contributed with \$6,790,230, the largest donor. However, distribution of funds within clusters has differed substantially with agriculture, protection shelter, water and sanitation and health clusters significantly unfunded to wit:

<b>Total</b>	<b>74,021,809</b>	<b>26,790,649</b>	<b>47,231,160</b>	<b>36</b>

- ❖ The funding gaps have impeded the implementation of the intervention strategy designed by humanitarian partners in the Philippines in coordination with the government
- ❖ Critical sectors and population groups, as identified in the initial appeal and as confirmed in this revised Flash Appeal include:
  - 1,700,000 people who are displaced from areas submerged in floodwater
  - 500,000 farmers in northern Luzon who have lost 100 % of their livelihood
  - Children, who constitute approximately 44% of the affected population
- ❖ Following the government's request, and based on improved assessment data, the Revised Flash Appeal that was launched on November 18, 2009, covers Regions I, II, III, IV-A, V, NCR and CAR representing caseload of approximately 4,200,000 people in need. Whereas, the original Flash Appeal was planned for 2,507,000 people only
- ❖ In line with the policy to improve needs analysis and response in revised flash appeals, activities were planned according to the following categories:
  - Life saving activities in flooded areas - 1,700,000 persons
  - Life saving activities in other affected areas - 500,000 persons
  - Resumption of livelihoods in flooded areas - 1,770,000 persons
  - Resumption of livelihoods in other affected areas - 2,500,000 persons
- ❖ Special attention has been focused to the most vulnerable sections of the affected population including children, women, elderly and people living in areas that were still submerged. The revised Flash Appeal was planned to run from November 2009 to March 2010. The international humanitarian community, including NGOs, IFRC, IOM and UN agencies are seeking \$143,774,080 to address the immediate and early recovery needs of

approximately 4,200,000 people affected by the flood and storms to support the government
