

Colombia: Floods

IFRC Minor Emergency Bulletin No. 1

Issued 18 November 2005

GLIDE: FL-2005-000194-COL

"According to latest reports, rains have increased considerably compared to previous years. These rains often result in landslides and floods."

SITUATION

A red alert declared in Cauca basin, in departments of Antioquia, Bolivar, Sucre, and in basin of Magdalena and Meta Rivers. 10,000 hectares of farmland lost.

ACTION

CHF 50,000 allocated from Federation Disaster Relief Emergency Fund. CRCS launched national appeal on 18 October. USD 13,200 in food and non food help provided through this appeal. CRCS continues monitoring the situation.
