We reiterated our commitment to the full implementation of all relevant United Nations Security Council Resolutions and noted international efforts to bring about the complete, verifiable and irreversible denuclearisation of the Korean Peninsula. We also underscored the importance of ASEAN-led platforms such as the ARF in promoting a conducive atmosphere to peaceful dialogue amongst the parties concerned.

56. We adopted the ASEAN Outlook on the Indo-Pacific which will help guide ASEAN's engagement and cooperation in the wider Indo-Pacific region. We reaffirmed ASEAN centrality, inclusiveness, complementarities, a rules-based order anchored upon international law, and commitment to advancing economic engagement in the region as the main principles of the ASEAN Outlook on the Indo-Pacific. In this regard, ASEAN-led mechanisms can serve as platforms for dialogue and implementation of Indo-Pacific cooperation. We encouraged external partners to support and undertake cooperation with ASEAN on the key areas outlined in the Outlook as their contribution to maintaining peace, freedom and prosperity in the region. We commended the efforts taken by all ASEAN Member States, in particular Indonesia for taking the lead in this regard, in finalising the Outlook which embodies ASEAN unity, centrality and leadership in the evolving regional architecture.

57. We expressed appreciation to the Government of the Republic of Indonesia for providing ASEAN Secretariat's new premises. We looked forward to the inauguration of the new building on 8 August 2019 in conjunction with the 52nd Anniversary of the founding of ASEAN. We looked forward to the convening of more meetings at the new premises which will not only strengthen ties, but also enhance ASEAN's mission to promote ASEAN Centrality to the global community.
