

# Bulgaria: Floods

OCHA Situation Report No. 2

Issued 09 August 2005

GLIDE: FL-2005-000098-BGR

"Heavy rains over the weekend (Aug 04-06) have worsened the already critical flood situation, prompting the Government of Bulgaria to declare a State of Disaster."

## SITUATION

The State of Disaster has been declared in 22 municipalities in 7 districts. Hundreds of houses flooded forcing evacuation of approximately 12,000 people. Some villages isolated due to blocked or destroyed roads and bridges. Segments of main highways partially blocked.

## ACTION

Government intensifying efforts to provide shelter and food to affected population. Government, Armed Forces, and NGOs responding to emergency.
