

Tsunami Recovery Status Report

~ As of 8 December 2005 ~

Data processed by the
**United Nations Information Management Service,
Office of the UN Recovery Coordinator
for Aceh and Nias.**

In collaboration with the
**Rehabilitation and Reconstruction Agency,
Badan Rehabilitasi dan Rekonstruksi (BRR).**

Tsunami Recovery Status Report

Introduction

The **Tsunami Recovery Status Report** is a compilation of statistics about the recovery process. It has been designed by Badan Rehabilitasi dan Rekonstruksi (BRR), the national agency charged with overseeing recovery, and the Office of the United Nations Recovery Coordinator for Aceh and Nias (UNORC) as an information tool for planning and monitoring purposes.

UNORC has used a set of indicators to gather data from a wide range of sources. It is important that there are common data sets agreed between BRR, the UN Country Team, and International Financial Institutions.

Where possible, data has been disaggregated to district level and by gender. And where appropriate, damage data has been provided in absolute terms and as a % of the total asset.

Data includes damage sustained by the Earthquake of March 28 2005, but for ease of reporting it has been included under the title of Tsunami Recovery.

Approaching one year after the Tsunami, there are still significant gaps in the data. BRR plans to further develop collection arrangements that measure progress of the recovery on an on-going basis.

The statistical information contained in these factsheets has been reported by the following specialist agencies:

Asian Development Bank (ADB)	Tentara Nasional Indonesia (TNI)
Badan Pusat Statistik Indonesia (BPS)	UNEP
Badan Rehabilitasi & Rekonstruksi (BRR)	UNFPA
Dinas Kesehatan Provinsi (PHO)	UNHABITAT
Dinas Sosial (DINSOS)	UNICEF
Food and Agriculture Organisation (FAO)	UNOCHA
International Labour Organisation (ILO)	UNOSAT
International Organisation for Migration (IOM)	WHO
Ministry of Finance (MoF)	World Bank
Ministry of National Education (MoNE)	World Food Programme
Ministry of Religious Affairs (MoRA)	WFP Sea Services
Satkorlak	

NOTE: The tables contained in this report take into account a preliminary launch of BPS Census data on 29 November 2005. A full analysis of the Census has not yet been released.

Tsunami Recovery Status Report

Contents

General

- Population of NAD and Nias by Regency / Municipality, (total/male/female/children) 2005 7
- Number of People Killed (Total), Number of People Missing (Total) 8
- Number of Tsunami / Earthquake Survivors Displaced in NAD and Nias by Regency / Municipality, 2005 9
- Cost of Living – Inflation Since January 1 2005 10

Financial

- Estimated losses (\$\$) 12
- Estimated costs of repairing damage (\$\$) 12
- Pledges for humanitarian/relief purposes (\$\$) 12
- Pledges for recovery/reconstruction purposes (ie. against needs identified in Needs Assessments) 12
- Commitments vs. pledges for recovery/reconstruction purposes (\$\$) : Multilateral 12
- Commitments vs. pledges for recovery/reconstruction purposes (\$\$) : Bilateral 12
- Commitments vs. pledges for recovery/reconstruction purposes (\$\$) : NGO_Private 12
- Commitments vs. pledges for recovery/reconstruction purposes (\$\$) : Total 12
- Actual disbursements as of 30 November 2005 12
- Summary of UN Funding Per Sector 2005 13

Infrastructure

- Status of Ports / Harbours, Airfields (Helicopter and Aeroplane) Destroyed and Rebuilt 15
- Bridges Destroyed and Rebuilt 16
- How Many Kilometres of Roads Damaged / Destroyed, How Many Kilometres of Roads Rebuilt 17

Shelter

- Number of Houses Required as reported by BPS, Shelter Working Group and BRR Garansi Survey 20
- Number of New Houses Committed, In Progress, Completed (Temporary and Permanent) 21
- Number of Houses Needing Repairs and that have been Committed, In Progress, Completed 22

Water and Sanitation

- Number of Water Sources Destroyed / Damaged, Number of Latrines Built 24

Education

- Total Number of Schools, Number of Schools Damaged and Destroyed, Percentage of Total Schools Damaged and Destroyed, Number of Permanent Schools Rebuilt or Under Construction 27
- Number of Students Enrolled 2005, Number of Students Not Enrolled 2005, Percentage of Students Enrolled 2005 28
- Student Enrolment Figures by Gender and Age Group 2005 29
- Number of Education Staff Killed (Teachers and Administrative) 31
- Number of Textbooks Distributed 32

Tsunami Recovery Status Report

Health

- Number of Health Centres or Hospitals Destroyed, Number of Health Centres or Hospitals that are Under Construction, Number of Permanent Health Facilities Constructed 36
- Incidence of Malaria (Per 100,000), Incidence of Dengue Fever (Per 100,000), Number of Children Under-Five Suffering From Malnutrition 37
- Number of Children Under One Immunized Against Diphtheria (DPT) Round 1, 2 and 3, Percentage of Children Under One (Target Group) Immunized Against Diphtheria (DPT) Round 1, 2 and 3, 38
- Number of Children Under One Immunized Against Measles, Percentage of Children Under One (Target Group) Immunized Against Measles 40
- Number of Children Under One Immunized Against Polio Round 1, 2, 3 and 4, Percentage of Children Under One (Target Group) Immunized Against Polio Round 1, 2, 3 and 4, 41
- Number of Maternal Deaths Recorded by Health Facilities, Percentage of Births Attended by Skilled Health Workers, Number of Midwives, Number of Midwives Per 100,000 43

Food and Nutrition

- Total Volume of Food Aid Delivered in Metric Tons, Monthly Average 46
- Number of Beneficiaries that Received Food Aid

Child Protection

- Number of Unaccompanied, Separated or Orphaned Children Who Have Been Registered 48

Livelihoods

- Number of Fishing Vessels Lost or Damaged and Replaced 51
- Number of Harvest Storage and Processing / Marketing Facilities Damaged 52
- Number of Hectares of Agricultural Land Destroyed / Rehabilitated (Number and as a Percentage of Total Destroyed) 53
- Number of Beneficiaries Identified Farmer Group / Households (Agriculture), Number of Beneficiaries Identified (Aquaculture) 54
- Amount / Number of Seeds, Fertilizers and Machinery Distributed 55
- Number of Hectares of Fishponds Available Pre-Tsunami / Destroyed / Rehabilitated 56
- Kilometres of Irrigation / Drainage Infrastructures Pre-Tsunami / Damaged / Restored 57
- Specific Programmes Targeted to Women 58

Employment

- Number of Participants in Short-Cycle Skills and Vocational Training Courses 60
- Estimated Rate of Unemployment 61

Tsunami Recovery Status Report

Data Sources and Definitions

BPS – Badan Pusat Statistik Indonesia

P4B - Pendaftaran pemilih dan Pendataan Penduduk Berkelanjutan, Special Election and Population Registration 2004. Conducted in every region in Indonesia, P4B was published in September 2004 to comply to the need for total electors' data for the President and Representative Direct elections. This registration also recorded individual characteristics (similar to SPAN 2005) that was used as the population data for Nanggroe Aceh Darussalam. Response to the P4B only covered 59% of the population.

SUSENAS - Survey Sosial Ekonomi Nasional, National Economy Social Survey. SUSENAS is an annual survey conducted by BPS. The last survey was carried out in 2004 in Nanggroe Aceh Darussalam, and included social economics data, demography characteristics, health, fertility, health of children under 5 years, education and livelihoods.

PODES - Statistik Potensi Desa, Village Potential Survey. This census was carried out at the end of 2002 in preparation for the 2003 Agricultural Census; and in the middle of 2005 in preparation for the 2006 Economy Census. The data included in this indicator pack is from both the 2003 and 2005 PODES, and covers the following topics: Geography and Government, Population and Economic Activity, Housing and Basic Needs.

SPAN - Aceh Nias Population Census – Sensus Penduduk Aceh Nias.

The UNFPA-funded Population Census in Aceh and Nias (SPAN) was published in Jakarta on Tuesday 29 November 2005. The main objective of the census was to record individual and housing characteristics across Nanggroe Aceh Darussalam and Nias. Data was collected from mid-August to mid-September 2005.

BRR - Badan Rehabilitasi dan Rekonstruksi, the Rehabilitation and Reconstruction Agency for Aceh and Nias.

BRR was established on April 16 2005, and its mandate is defined by Regulation in Lieu of a Law (Regulation / Perpu) No. 2/2005 issued by the President of the Republic of Indonesia. On April 29, 2005, President Susilo Bambang Yudhoyono signed Presidential Regulation (Perpres) No. 34/2005 detailing the organizational structure and mechanism of the Agency. BRR has a fulltime staff and two Oversight Boards. The Agency, which will operate for a four-year period, is based in Banda Aceh, with a branch office in Nias and a representative office in Jakarta, carried out a Garansi Survey in November 2004 which collected information from government sub-district offices and village leaders.

Satkorlak - Satuan Koordinasi Pelaksana Penanggulangan Bencana Dan Penanganan Pengungsi Provinsi Nanggroe Aceh Darussalam and Nias Province.

Satkorlak is the Executive Coordination Unit for Disaster and Refugees Handling. It collects data on the number of people that are missing, were evacuated or died, and also reports on the progress of natural disasters in Nanggroe Aceh Darussalam and Nias, submitting a report regularly based on the Regional Secretary's report in each District / City. The most recent report used in this indicator pack is the October 2005 Week II Report.

TNI - Tentara Nasional Indonesia.

TNI, Indonesia's armed forces (formerly ABRI) includes the army, navy, marines and air force. The army is by far the largest, with about 196,000 active-duty personnel.

* Population Survey of Aceh and Nias (SPAN) 2005

Note: The data on this report represents 17 Tsunami affected districts in NAD and Nias and Nias Selatan

Tsunami Recovery Status Report

- Nutrition status of the general population and in particular youth

Child Protection

- Number of unaccompanied in non-familial institution
- Separated children in non-familial institution
- Number of orphan in state or non-familial institution
- Number of child labourers disaggregated by type of work
- Number of sustainable programmes established to protect children, particularly out of school children (15-17 years old)

Livelihoods

- Trend in fish catch (i.e. pre tsunami/post/current)
- Number of pre/post harvest storage and processing/marketing facilities rebuilt
- Number of hectares of planted forest available in pre-Tsunami and established in affected areas
- Number of seedlings/planting material distributed for coastal reforestation, forest rehabilitation and agroforestry in the affected areas
- Pre-tsunami price of wood on local market
- Post-tsunami price of wood on local market

Employment

- Number of unemployed and underemployed, including youth (# and as a % of pre-Tsunami total)
- Number of people have been placed for either permanent or temporary jobs (cash for work)
- Number of displaced persons in employment schemes
- Number of destroyed local businesses/enterprises (# and as a % of pre-Tsunami total)
- Number of beneficiaries trained
- Sustainable employment programmes established/number of beneficiaries

Environment

- Acreage of natural habitats (wetland, mangroves, corals) impacted (hectares)
- Acreage of natural habitats (wetland, mangroves, corals) restored
- Acreage of fish breeding areas and fishponds destroyed/restored
- Acreage of arable farmland destroyed
- Number of ground water wells contaminated/number purified or alternative water supply established
- Level of soil and water contamination (amount and as a % of pre-Tsunami total)
- Amount of Tsunami wastes generated (timber, mud, concrete) / amount recovered-recycled-disposed
- Number of sanitation schemes destroyed/restored
- Institutional capacity (number of officers trained in environmental planning, monitoring and assessment)
- How many kilometres of shoreline destroyed / displaced
- Capacity of National Park offices
- Topographical shifts
