Sector Developments/Gaps

- On 29 & 30 December, an Inter-Agency support mission comprised of five international staff accompanied the WFP led convoy in order to discuss the general situation with local authorities and aid workers; monitor implementation of UN funded programmes and assess needs following fresh displacements in several areas of the Vanni region. The mission noted increasingly vulnerability of the civilian population due to several factors including: ongoing fighting, new and repeated displacements into an increasingly compressed area, flood damage and reduced capacity and material to address urgent shelter and sanitation needs. Many recommendations of the mission include: 1) ensure regular food convoys are maintained to address minimum food requirements; 2) continue to request inclusion of non-food items in particular shelter, water and sanitation supplies to be transported with convoys 3) Lobby for additional health and education material / resources to support ongoing RDHS and ZDE efforts to provide continued services; 4) continue to request additional assessment and monitoring capacity.
- The GAs of Kilinochchi and Mullaitivu districts requested permission to transport text books and uniforms for district schools in a special convoy. The school term is scheduled to start on 05 January.
- The Zonal Director of Education office of Mullaitivu reported last week that 80.9% of candidates from the new syllabus (2,152 students applied for the exam and 1,741 sat the exam) and 47% from the old syllabus (1,701 students applied for the exam and 801 sat the exam) sat the GCE Ordinary Level examination held two weeks ago.
- The fishermen cooperatives of Kilinochchi and Mullaitivu districts reported last week that in order to control the increases in fish which, fixed prices will be introduced from 01 January. Accordingly, 1 Kg of fish will be set at Rs 325/= (in December 1 Kg of fish was up to Rs.800) and 1 Kg of small prawns/crabs will be Rs. 225/= in the Vanni markets (instead of Rs.600).
- Vegetables prices are still high in the local markets, although there was a slight reduction compared to the previous week due to the arrival of two lorry loads of vegetables from Vavuniya. The table below shows the prices of 1 Kg of vegetables collected from PTK, Visuvamadu and Tharmapuram.
