NDCC UPDATE Sitrep No. 15 re Mayon Volcano

Releasing Officer:

GLENN J RABONZA
Administrator, OCD and
Chairman, NDCC

DATE : 25 December 2009, 7:00 PM

Sources: DOST-PHIVOLCS, DSWD, DOH, DepEd, OCDRC-V, ALBAY PDCC, AFP, JTF MAYON, DPWH V

I. SITUATION OVERVIEW

- ❖ **Alert Level 4 remains hoisted over Mayon Volcano which means that a hazardous eruption is possible within days. To ensure the safety of the public, PHIVOLCS-DOST is reiterating that the Extended Danger Zone from the summit of 8 km at the southern sector of the volcano and 7 km at the northern sector should be free from human activity.**

A. Observations:

- ❖ **Mayon Volcano (13.2576 N, 123.6856 E) continued to show an intense level of activity during the past 24-hour observation period**
- ❖ **Seismic activity remained elevated in number and size as the seismic network detected a total of **eight hundred seventy one (871) volcanic earthquakes. Ninety eight (98) rock fall events, related to the detachment of lava fragments at the volcano's upper slopes were also detected. Three (3) of these events were observed to have generated pyroclastic flows that moved down within 2 km from the crater.****
- ❖ **Sulfur Dioxide (SO₂) emission rate was high and was measured at an average of 2,378 tonnes/day yesterday, 24 December 2009.**
- ❖ **Ninety-six ash explosions were observed during times of good visibility. These explosions produced light brown to grayish ash columns that reached heights of up to 2 km.**
- ❖ **One hundred twenty five (125) rumbling and booming sounds from the volcano were heard at the Lignon Hill Observatory in Legaspi City**

B. Recommendations

- ❖ **Areas just outside of the EDZ should prepare for evacuation in the event explosive eruptions intensify**
- ❖ **Active river channels and those perennially identified as lahar prone in the southern sector should also be avoided especially during bad weather conditions or when there is heavy and prolonged rainfall**

II. PREPAREDNESS MEASURES

- ❖ At Alert Level 4, mandatory evacuation of 9,946 families/47,285 individuals staying along 6 km radius Permanent Danger Zone (PDZ) and the 6.8 km Extended Danger Zone (EDZ) in the southern quadrant particularly Buyuan, Mainit and Bonga areas has been imposed
- ❖ The RDCC's Evacuation Plan for the 6 to 8 km EDZ is shown below:

Municipality/City	6km PDZ		6-8 km EDZ			
	Families	Persons	Families	Persons	Families	Persons
Tabaco City	877	4,254	7,218	34,482		
Ligao City	442	4,464				
Malilipot	634	2,859				
Camalig	719	3,168				
Guinobatan	56	298				
Total	2,728	12,803	7,218	34,482	9,946	47,285

Evacuation Operations

- ❖ All Municipalities/City and Barangay DCCs around Mayon Volcano have been activated; implemented mandatory evacuation of residents; and providing relief assistance to evacuees although households were advised to have emergency provisions like clothing, basic utensils and beddings
- ❖ Joint AFP-PNP Task Force Mayon (JTfM) has been assisting in the evacuation of the population and strictly enforcing checkpoints at strategic areas to ensure that nobody enters the Danger Zone at any time
- ❖ All PDCC member agencies executed their respective contingency plans and assisted the population who evacuated
- ❖ Forty-five (45) vehicles were committed by the 9th ID, PA-25, PNP-PRO5-2, NAVFORSOL-3, PAF-TOG5-1, DPWH5-2, SUNWEST/AKO BICOL-12 to support evacuation operations of the CDCCs and MDCCs
- ❖ The Albay Health and Emergency Management (AHM) assigned paramedic units in assisting LGUs and barangays in initiating evacuation procedures

III. AFFECTED/DISPLACED POPULATION (Tab A)

- ❖ As of **9:00 AM, 24 December 2009**, the number of evacuees staying in **29** evacuation centers is **10,032 families/47,560 persons**
- ❖ **Nine days into evacuation**, the PDCC projects an emergence of health related problems based on prior experiences and the current weather which is likely to contribute to the increasing risks for colds and other related diseases. Thus, the fear that zero casualty goal may be compromised by health risks and the willingness of the population-at-risk to stay in the evacuation centers
- ❖ PDCC Albay reported four (4) cases of conjunctivitis or sore eyes in Tabaco City

IV. ACTIVITIES UNDERTAKEN/ HUMANITARIAN ASSISTANCE

A. NATIONAL ACTIONS

- ❖ **DSWD-CO** sub-allotted Php500,000.00 as additional standby funds for the requirements of evacuees during the pre-emptive evacuation. As of now, FO-V has a total of Php802,718.90 standby funds aside from the available stockpile of relief commodities composed of food (Php268,750.00) and non-food items (Php 1,173,000.48) ready for augmentation/assistance for the affected LGUs whenever necessary
- ❖ **DSWD-V and SWAD Teams** are still closely coordinating with Albay PDCC/PSWDO/MDCCs to assist in the distribution of relief goods at the different evacuation centers; PSWDO ensured the availability of necessary basic needs in the identified evacuation centers and to continue repacking of food items to be distributed to evacuees. **SWAD teams** visited the evacuation centers in San Antonio Elementary School and Mayon Elementary School in Tabaco City, Amtic High School in Ligao City; and San Jose Elementary School in Malilipot, all in Albay to assess the needs of displaced families

2. Logistics Cluster

- ❖ On 18 December 2009, World Food Programme (WFP) set up a mobile warehouse at the Philippine naval southern command intended for the relief goods from WFP, DSWD and other donors
- ❖ The UN-WFP's logistics cluster, upon request of the Philippine Government thru DSWD, also set up a mobile storage (MSU) at the Philippine Navy (PN) Station in Rawis, Legaspi City, Albay. Currently, MSU is used as storage for humanitarian relief commodities of DSWD and the UNICEF for Mt. Mayon evacuees and assisted the DSWD with its transport requirements. On 22 December 2009, the Logistics Cluster provided four (4) big trucks to deliver the initial 58 metric tons of DSWD relief commodities from the National Resource Operations Center (NROC) to the MSU at the PN Station in Legaspi City

3. Health/WASH/Psychosocial Cluster

- ❖ DOH-CO augmented drugs, anti-venom, facemasks and medicines to affected areas and replenished pre-positioned medicines; provision of Health Advisories and Risk Communication through print media; put surveillance system in place in all evacuation centers with no report of epidemic/outbreaks; and have started conduct of psychosocial debriefing for affected and responders
- ❖ The total health expenditures so far amounted to **Php 6,368,836.16** broken down as follows: DOH-CO (assorted drugs & medicines, face masks, emergency health kits, chlorine granules, drinking water and jerry cans); Php 3,069,626.00; RITM (snake anti-venom vials) Php 20,400.00; WHO (12 inter-agency emergency health kits) Php 269,880.00; and PCSO (cash for the purchase of drugs and medicines) Php 3,000,000.00
- ❖ As of 22 December 2009, six (6) medical teams were mobilized by DOH-CO to conduct medical mission and to provide medical assistance in the evacuation centers in Albay, as

follows: Dr. Jose R Reyes Memorial Medical Center, East Avenue Medical Center, National Children's Hospital, Quirino Memorial Medical Center, Rizal Medical Center and Batangas Regional Hospital

- ❖ **The AFP Chief of Staff, DND Secretary and NDCC Chairman instructed the deployment of medical teams in response to PGMA's directive to conduct medical missions every five (5) days to ensure that appropriate health care are given to the internally displaced families. Thus, CTG Medical together with medical teams from NCR after coordinating with Albay Provincial Health Office, were dispatched to evacuation centers in Daraga, Albay namely: Daraga Elementary School, Daraga High School and Anislag resettlement area.**
- ❖ **On 24 Dec 2009, IOTG personnel assisted in the joint medical mission of the JTF Mayon and 11 man-team from GHQ, AFPRESCOM to the Baligang ES in Albay**
- ❖ **Press release on the free medical service to evacuees ("Libreng Serbisyo Medical Para sa Evacuees ng Albay) was distributed by JTFM3/IOTG to the ABS-CBN, TV4, Legaspi, DZRC and DZGB radio stations, PIA-V, Bicol Regional Weekly Digest, The Sorsogon Examiner and Sorsogon Radyo Natin, RMN/DZXL and Phil Star Ngayon on 24 Dec 2009**
- ❖ UNICEF donated 20 trailers of water jugs for Mt. Mayon evacuees in Legazpi City
- ❖ Bureau of Fire Protection (BFP) delivered water at PHIVOLCS Office Legazpi City
- ❖ The Bicol Regional Teaching and Training Hospital (BRTTH), provincial, city/rural health within the Mayon area are put on Code BLUE alert. PHO to closely coordinate with DOH and BRTTH in preparation for the health requirements particularly water and sanitation (WATSAN) in the evacuation centers
- ❖ DOH-V advised residents, motorists and school children to protect themselves for possible ash inhalation by covering their nose with damped cloth or handkerchief to prevent health problems
- ❖ DOH declared CHD V Operation Center under Code Blue Alert Level; conducted rapid assessment in all evacuation centers; and set-up communication in three (3) districts utilizing the newly-organized Joint Communication Task Force for Health Emergencies under the Bicol Regional Training and Teaching Hospital (BRTTH)
- ❖ DSWD V coordinated with DOH 5 and 565 ECB re: status of water purifier
- ❖ **DOH Immediate Plans** - deployment of six (6) medical teams to affected areas; rental of portalet using sub-allotment of Php 2 Million to LGUs; immunization and nutritional assessment to be conducted; delivery of Php 5.7 Million worth of drugs and medicines from Central Office and PCSO; and utilization of Php2.4 Million worth of mosquito nets to evacuation centers for dengue prevention
- ❖ **Assessment of WASH Concerns and Recommendations:**
 - Water Supply - 40 % of evacuation camps have adequate water supply, most source is water faucet assessment is ongoing in newly opened centers
 - Latrines - Toilets are inadequate in evacuation camps with a present ratio of 1:27 to 1:62 per latrine. School toilets and lavatories are being used by evacuees – recommended the use of portalets and construction of new toilets. CHD V will provide toilets
 - Garbage Disposal - 52 % have adequate garbage disposal through collection with observance of waste segregation – there should be regular garbage collection
 - Health Status – Sixty six (66) health clinics in the different evacuation camps and manned by CHO Staff during day time and BHW at night time - isolation and treatment of conjunctivitis patients

Health Services to be provided:

Immunization - to be instituted once the evacuees are settled

Nutrition - to conduct mid-upper arm circumference (MUAC)

Consultation - 222 patients were attended with cough and colds and ARI as the leading causes

Health Education - on-going in some evacuation centers

4. Education Cluster

- ❖ Forty five (45) schools have been designated as evacuation centers: 21 in Albay, 11 in Legazpi City, 6 in Ligao City and 7 in Tabaco City
- ❖ Classes in all schools within the 8 km radius of Mayon were suspended and school authorities were advised to devise scheduling and shifting strategies that would enable pupils using these evacuation classrooms to revert to regular classes as soon as possible and for the evacuee pupils to hold classes within the premises of the evacuation school. This is to minimize disruption in classes particularly given that evacuation period for Mayon eruption will last between 42 to 87 days

DepEd Albay's next steps/plans when classes resume in January 2010: will accommodate displaced children at Big Central Schools; double shift classes in Host schools; to tap displaced teachers from affected schools to assist the teachers; and alert identified roster of staff of NGO partners on call for deployment

C. APSEMO RECOMMENDATIONS:

Short Term: Ensure available, adequate and appropriate relief support for at least 4 months; maintain and sustain health and sanitation support to the safe evacuation centers; maintains close working relationship among LGUs, NGAs, and NGOs; Albay PDOC as the Hub of Actions and the center for coordination; TESDA, TLRC, DA, DTI to give livelihood trainings and opportunities; DOH, NGOs, Other government agencies to conduct appropriate seminars; Info Caravan with PHIVOLCS, APSEMO, PDCC; and film showing

Medium Term: - maintain clusters during the disaster response and recovery phases
