This map is based on statistical information presented in the Data Pack series. The data presented was reported by the District Recovery Committees (DRCs) in May-June 2003.

The DRC Monitoring Data Forms were developed under the Technical Committee of the National Recovery Committee / Development Partnership Committee (DEPAC), in consultation with the respective ministry. The Data Pack series was developed as a monitoring system for the National Recovery Strategy.

This map was created by the Sierra Leone Information System, an OCHA project established with funding from OFDA, ECHO and UNHCR
