

# 2015 CERF underfunded emergencies (UFE): 2<sup>nd</sup> round allocation

As of 29 October 2015, in US\$ million

In July 2015, the Emergency Relief Coordinator set aside US\$70.5 million from the United Nations Central Emergency Response Fund (CERF) for chronically underfunded aid operations to assist millions of people forced from their homes by violence and instability. The allocations from CERF's Underfunded Emergencies Window, now totalling \$168.9 million in 2015, are a last resort and present a life-line for some of the most vulnerable populations around the world in protracted and chronically underfunded crises.
