

# Romania: Floods

IFRC Information Bulletin No. 1

Issued 6 July 2005

GLIDE: FL-2005-000111-ROM

"Heavy rains have caused flooding and destruction in 8 counties in Romania during the first few days of July, affecting 99 localities."

## SITUATION

Due to the heavy rains, eight counties (Arges, Constanta, Giurgiu, Dolj, Gorj, Hunedoara, Olt and Teleorman) were affected by flooding in Romania.

## ACTION

Olt branch of the Romanian Red Cross assisted flood victims by using entire emergency stock available in its warehouse. 200 blankets and tents were distributed in the affected area.
