

## Highlights

- **Kenya Transport Cost increase:** To reflect increased fuel costs and other operational expenses, commercial transporters in Kenya increased transport costs by 72% in March 2011. Importers will have to pay more for transportation of cargo from Mombassa to various destinations. (Daily Nation, 13 March 2011).
- **UNHAS Flights:** UNHAS resumed flights to: **Beida, Habila, Bindizi, Kerenik**, on 13 March 2011 and is now flying to South Kordafan once every week.
- **UNMIS:** during the WFP-Logistics Coordination meeting held on 14 March, UNMIS advised of its flights between El Obeid and Juba.

## North Sudan

### ► Logistics Coordination Meeting

The monthly Logistics Coordination meeting was held on 14 March 2011. WFP-LCU requested participants to provide future ideas to consider streamlining meetings and focus on specific themes impacting on humanitarian logistics operations, for example the impact of fuel cost increases on transport provision.

The next Khartoum Logistics Coordination meeting is scheduled for 18 April 2011. Kindly contact [sudan.wfpplcu@wfp.org](mailto:sudan.wfpplcu@wfp.org) for more information.

### ► Surface Transport

WFP-LCU shared the updated commercial transporters list with partners. To submit information on suppliers of transport, fuel, air transport, barge operators, customs clearance and warehousing, please contact [sudan.wfpplcu@wfp.org](mailto:sudan.wfpplcu@wfp.org)

### ► UNHAS
