Accessibility: Accessible by car
Community Leader: Yes
Registration: Yes, paper-based
Who is being registered: IDPs only

No. IDPs: 10
Households: 2
Reason for displacement: Conflict
Origin of largest IDP group:
Western Equatoria, Mundri West
Origin of 2nd largest IDP group:
NA, NA

No. returnees: 793
Households: 158
Reason for displacement: Conflict

Mobility (IDPs)
Date of arrival of first IDP group: 2015-08-16
Date of arrival of last IDP group: NA
Have the IDPs been displaced previously? No
Three main reasons preventing the majority of IDPs from returning:
Lack of food, House damaged/destroyed, Lack of safety

Mobility (returnees)
Date of return of first returnee group: NA
Date of return of last returnee group: NA
Are there people displaced from this village / neighbourhood who have not returned yet? No

Special needs
No. pregnant women: 5
No. breastfeeding mothers: 10
Total number of individuals with special needs: 84
Special needs include pregnant and breastfeeding women, separated, orphaned and unaccompanied children, persons with mental or physical disabilities, persons with chronic diseases or serious medical conditions and old people without caregivers.

Protection
Main security provider in the village / neighbourhood: Military

Health
Most common concern: Malaria
Main provider: NGO/INGO

Education
Type of facility: Formal Primary Education
Availability of learning supplies: Yes
Availability of teachers: Yes
### Angiya (ssid_SS1005_0001)
Western Equatoria, Mundri West

#### Shelter / NFIs
- **Main shelter type:** Tukul
- **Shelter materials available in nature:** Poles, Bamboo, Grass
- **Shelter mat. available from local market:** Poles, Bamboo, Rope, Grass
- **Three most needed NFIs:** Kitchen sets, Bedding sets, Child Clothing

#### Food
- **Groups struggling most with food access:** IDPs, Host community
- **Main source of food:** Cultivation/Sale of livestock
- **Reason for lack of market access:** NA

#### WASH
- **Connections to functioning pipelines:** No
- **Main water purification method:** Filtering
- **Main water source for cooking / washing:** Hand Pumps
- **Main water source for drinking:** Hand Pumps
- **No. functioning boreholes:** 0
- **Non-functioning:** 1
- **Complaints about drinking water quality:** No
- **Main problem with water:** NA
- **Type of toilet:** Open defecation
- **No. garbage disposal points:** 10
- **Is solid waste a problem?** No
- **Main garbage disposal method:** Burning
- **Distance from main water source:** >20 min walking
- **Water fit for human drinking:** Yes
- **People feel safe collecting water:** Yes
- **% collapsed or in danger of shelters:** Unknown
- **Average occupants:** Unknown
- **Market access (NFIs):** Yes

#### Access to primary education
- **Distance to nearest education facility:** 3-5 km
- **% children attending primary education:** <25%

#### Access to health facility
- **Distance from health facility:** On-site (>3 km)
- **Exclusion from health services:** Returnees

#### Access to food
- **Access to food:** Yes onsite
- **Frequency of food assistance:** Unknown
- **Market access (food):** Yes

#### Access to health facility
- **Access to health facility:** Yes

#### Access to primary education
- **Access to primary education:** Yes

### Notes
- The share of collapsed and in danger of collapse shelters in the figure above refers to IDP/returnee shelters only.
