Highlights

- Government of Karo district increase the level of Sinabung as Level IV (alert) ON June 2, 2015.

- Sinabung Volcano activity is predicted to continue the eruption up to five years.

- 10,644 people (3,149 families) from 12 villages were displaced and dispersed in 10 shelters. Refugees not only comes from the village southeast side of Peak crater, but also the north side of the village, east and southwest.

- The Indonesian government will relocate 2,053 families of 7 villages around Mount Sinabung into permanent housing.

Situation Overview

Mount Sinabung keep fluctuating since eruption on September 15, 2013 until now. Alert status Mount Sinabung been ever enforced on 23 September 2013 Up to 8 April 2014. the Government of Karo Distric re-establish eruption of Mount Sinabung as emergency response since June 2 until July 6, 2015 due to the higher activity of the mountain.
Center for Volcanology and Geological Hazard Mitigation declared the area with a minimum radius of 3 kilometers from the summit of Mount Sinabung designated as a danger zone. Residents are asked to stop activities in the area.

On the south side and southeast, areas declared dangerous wider, ie a radius of 7 kilometers from the summit of the mountain, while in the southeast and east, is the danger zone with a radius of 6 kilometers.

Authorities asked residents in the danger zone to evacuate because of the potential danger of hot clouds, like in Pasarpinter, Gurukinayan-Simpang, Sibintun/Perjumana, Batukejan, Lau Betuken Tiga Pancur bridge, Tiga Pancur-Pejumaan Village, Tigabogor, Pintumbesi Village and Jeraya Village or the potential torrential rain of ash and volcanic material burst, like in the village Sukanalu, Sigarang-fierce, Kutarakyat, Kutagugung, Lau Kawar and Mardinding. Potential increasingly threatening depending on the direction and strength of the wind.

The number of refugees eruption of Mount Sinabung, Karo, North Sumatra growing or has reached 10,644 people spread in 10 shelters. Refugees from the village of Guru Kinayan, Tiga Pancur, Pintu Besi, Sukanalu, Beras Tepu, Sigarang-garang, Jeraya, Kuta Rayat, Kuta gunggung, Mardinding, Kuta tengah, and Lau Kawar distric. Refugees not only from the south-southeast side of the village from the top of the crater, but also from the village on the north, east and southwest.

The urgent need is an adult refugee camps, blankets, toilets, Food Supplement, side dishes, masks, mats, mattresses, water tanks, clothing, Logistics and psychologists for trauma healing

Source: Karo Government

Indonesian government will move 2,053 household from seven villages to permanent housing due to the eruption of Mount Sinabung which shows no sign of stopping. Construction of permanent housing reserved for people who do not want to evacuate. It is because they still take care of agricultural land is the source of livelihood. The first phase, the government will complete the relocation to the provision of agricultural land for 370 households villagers from Sukameriah, Bekerah Village, and Village Simacem in 2015. As for the relocation of 1,683 families in four villages will be carried out in 2016. BNPB estimates that this relocation process will last for about 3 years.
Dompet Dhuafa Response

Child Protection

- Psikososial Psychosocial first aid is given to 96 children in the KNPI refugee camp Kabanjahe and 80 children in the village of Gunung Pinto. DMC Dompet Dhuafa collaborate with DD Waspada volunteers in KNPI Kabanjahe and Geppuk in the village of Gunung Pinto. Playful activities, fairy tales and religion is used to eliminate the stress levels in children. 100 notebooks and snacks are distributed in refugee camps.

Logistic

- In emergency management, DMC Dompet Dhuafa has distribute the emergency supplies, including school supplies, food, goods of non-food and minimal water supplies which include chicken, books, snacks, sugar, milk, coffee, diapers and holster in refugee camps KNPI building.
- In the third mission, Dompet Dhuafa carrying emergency relief supplies in the tool of worship and 400 packages of school school kits to KNPI shelter.
