Over the past six months Myanmar has experienced a surge in new displacement in four states, while humanitarian organizations simultaneously faced severe constraints on access. Border post attacks on 9 Oct 2016 and subsequent security operations triggered a new humanitarian crisis in northern Rakhine. Intensified conflict resulted in new displacement in Kachin and northern Shan. Thousands were also relocated in Kayin State due to fighting in Sep 2016.

**DISPLACEMENT**

- **260,000** currently displaced
- **220,000** long term IDPs in 224 IDP camps/sites

**Population in camps/sites by age and sex**

- **52%** of IDPs are women and girls
- **50%** of IDPs in Rakhine
- **49%** of IDPs in Kachin
- **50%** of IDPs in Shan

**ACCESS**

- **21** townships where humanitarian organizations have limited/restricted access

**TIMELINE OF RECENT EVENTS**

- **September 2016**: Relocation of people in Kayin due to fighting
