Crisis Figures:

Population of Yemen: 29.3 million	People in need of WASH assistance: 16 million	People in need of food assistance: 17.8 million	People in need of health care: 16.37 million	IDPs & Returnees: 2.9 million
People in need of humanitarian aid: 22.2 million	People in acute need: 11.3 million	People in need of protection: 12.9 million	Women in need of protection: 6.31 million	

Humanitarian Context

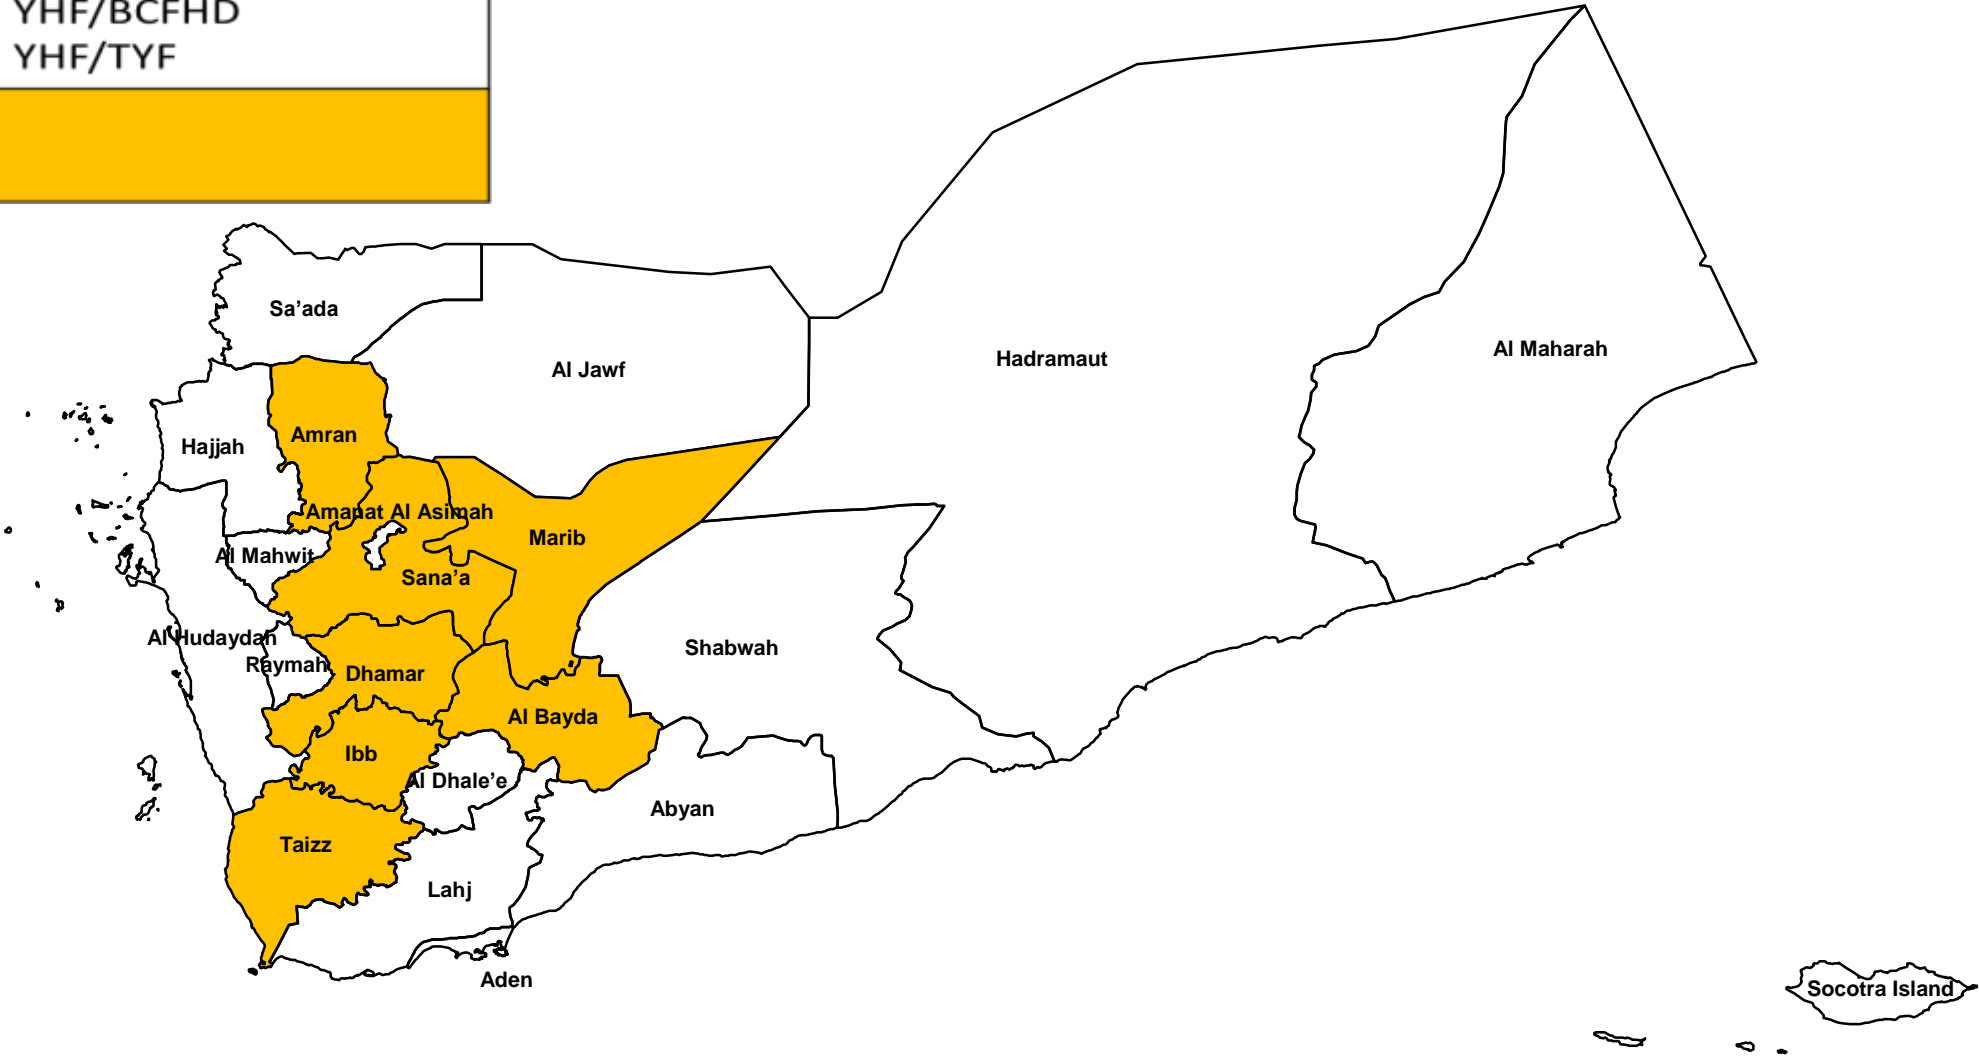

Armed clashes intensified in Taizz Governorate during the first week of January, with shelling reported in Maqbanah and Mawyah districts. Partners reported the arrival of dozens of families displaced by conflict from Al Dhale'e Governorate to Ar Radmah (150 families), Yareem (25 families) and Al Saddah (15 families) districts in Ibb Governorate.

According to WHO, 225 districts reported suspected cholera cases in the first three weeks of December, but the overall trend remained stable. Children continue to make up 32 per cent of the total number of suspected cases. The highest number of suspected cases were reported in Monabbih District in Sa'ada Governorate, Maghirib Ans District in Dhamar Governorate and As Sabain districts in Amanat Al Asimah Governorate and Bani Al Harith District in Sana'a Governorate.

Conflict has reduced in Al Hudaydah Governorate but hostilities have escalated in neighboring Hajjah Governorate especially in Hayran and Mustaba districts as well as near Haradh town, causing civilian casualties. Partners report that an estimated 300 families have recently been displaced to Abs District. Other IDPs are living in harsh conditions in Haradh town. Since June 2018, humanitarian partners have provided RRM assistance to 21,274 families (over 127,640 individuals) out of 23,177 families (over 139,060 individuals) displaced to Hajjah.

Authorities in Sana'a reported that 81,209 families, who fled from different conflict-affected governorates are staying in Amanat Al Asimah while 10,101 families are staying in Al Bayda Governorate. On 8 January, IOM delivered 32 MT of medicine, medical supplies and hygiene kits to health facilities in several districts of Dhamar Governorate.

Programs Update:

IBB GOVERNORATE

DISTRICTS: (1) Mudhaikhera, (2) Al Udayn, (3) Far Al Udayn, (4) Hazm Al Udayn.

Nutrition:

Targeted Supplementary Feeding Program (TSFP) in Four Districts (Far Al-Udayn, Hazm Al-Udayn, Mudhiakhera, and Al-Udayn):

This program aims to deliver quality lifesaving assistance through TSFP services for under-five children and PLW who are suffering from moderate acute malnutrition in 52 health facilities and through 8 mobile clinics. A total number of 6,528 children under 5 were admitted and in follow-up to TSFP and a total of 12.23 Metric Tons have been distributed to children under 5 with MAM. In addition, 4,057 PLW were admitted and in follow up to TSFP and received a total 29.88 Metric tons.

Blanket Supplementary Feeding Program (BSFP) in Four Districts (Far Al-Udayn, Hazm Al-Udayn, Mudhiakhera, and Al-Udayn):

This program aims to prevent all children under 2 years and pregnant and lactating women from being acutely malnourished through the provision of Plumpy'Doz for children under 2 years and Super Cereals Plus for (PLW). In January RDP nutrition teams have distributed 204.582 Metric tons of Super Cereal plus for 34,097 Pregnant Lactating Women (PLW) and 36.35 Metric Tons of Plumpy'Doz for 24,230 children under 2 in approximately 104 Food Distribution Points (FDPs) over four Districts of Ibb Governorate.

Awareness Sessions for Crucial Health & Nutrition Key Messages:

Our 294 Community Nutrition Volunteers (CNVs) have launched approximately 839 awareness-raising campaigns for people in the second and third tiers around the supported 52 health facilities in Fara Al-Udayn, Hazm Al-Udayn, Mudhiakhera and Al-Udayn districts, achieving a total number of 12,299 individuals disaggregated (3,190 men, 8,653 women, 125 boys, 331 girls). These sessions included important health, nutrition, hygiene, and Infant Young Children Feeding (IYCF) key messages. Such sessions aim to increase the community awareness and prevention capacity in order to decrease the prevalence of acute malnutrition, communicable diseases, maternal mortality and others.

WASH

Installing a Solar Pumping Unit for (Al-hasha water well) in Fara Al-Udayn District:

As we continue the rehabilitation of Al-Hasha water well, the contractor has installed a solar pumping unit with all accessories to enable beneficiaries get water out of the well. Approximately 1,784 individuals of IDPs and affected host community (824 women, 796 men, 164 children) are benefiting from this project.

Figure 2: Pulling water out of the well after the installation of the solar pumping unit.

Awareness Sessions on Personal Hygiene and Solid Waste Disposal:

Five of our community volunteers have conducted 15 awareness sessions on personal hygiene and solid waste disposal, targeting 500 individuals disaggregated (177 male, 313 female) in Al-Ahmol area of Fara Al-Udayin district of Ibb Governorate. They also distributed soap bars, hand towels, and brochures about (chlorination, water purification, and hygiene practices).

Protection

Psychosocial Support (PSS) Activities in Al-Qairawan Park, As Sabain District of Amanat Al-Asimah Governorate:

Our Protection team has conducted different PSS activities, benefiting 157 children within the project of Child Friendly Spaces (CFSs) in Qairawan Park, As Sabain District of Amanat Al-Asimah Governorate. These activities included drawing, coloring, hand crafts, reading, acting, singing and different kinds of sports, targeting children from the age of 2 to the age of 18 years old.
