**MYANMAR**

Local humanitarian organizations estimate up to 15,000 people may have been displaced into China since 20 November, as a result of fighting between armed ethnic groups and the Myanmar Military. A further 2,400 people from northern Shan have been displaced within Myanmar. Needs in Myanmar are mostly being met by local community based organizations with some support from INGOs. 1

Unconfirmed reports suggest approximately 400 IDPs have been evacuated from Mung Lai Hkyet camp (Woi Chyol area) after mortars landed near the camp on 18 December, damaging three shelters and a building. No casualties were reported. Evacuees are said to be staying with host families and at schools in Laiza town. Due to a protracted lack of humanitarian access, the UN has not been able to independently verify these figures. 2

INDONESIA

Following days of torrential rains in Manado City in North Sulawesi Province, landslides and floods occurred in several villages, leading to five deaths between 15 and 16 December. There are no reports of injuries and displacements. Local government and stakeholders are providing basic humanitarian assistance to affected villages. 3
