The Syrian Arab Red Crescent (SARC) is an independent and volunteer-based humanitarian organization with a permanent presence in Syria, dedicated to providing assistance to vulnerable people and alleviating human suffering.

SARC was founded in 1942, according to Decree No /540/ and Decree /177/ which regulates the work conducted by the organization.

SARC was recognized by the International Committee of the Red Cross (ICRC) in 1946. SARC is committed to the Geneva Conventions and seven Fundamental Principles of the International Red Cross Red Crescent Movement.

SARC was awarded the Peace Prize of the International Federation of Red Cross and Red Crescent in Sydney, Australia, in 2013.

SARC Partners: International Committee of the Red Cross, International Federation of Red Cross and Red Crescent, participating national societies (Movement partners), UN, INGO’s, and Local NGO’s.

### KEY FIGURES

**5.4 M** SARC Beneficiaries

- **12.2K** SARC active volunteers & staff
- **65** Staff & Volunteers have lost their lives in the line of duty over the last eight years
- **192** training events for **7,642** SARC volunteers, staff & local community

- **5.4M** people received food
- **2.4M** people were given household essentials
- **19M** Estimated number of people benefiting from water treatment through chemicals, maintenance of damaged water stations and pipelines and water emergency response.

- **1.1M** medical services provided in SARC health facilities
- **269K** people received protection services through PS teams & community centers
- **47.5K** households benefiting from livelihoods projects

**Emergency Response Operations**

- **57** Convoys
- **644** Trucks
- **618K** People reached
- **517** Volunteers carried out **2,477** shifts

Convoys deployed to: Aleppo, Darā, Deir-ez-Zor, and Rural Damascus governorates.
By mid 2019, SARC registered 5.6 million beneficiaries around 1 million families.

The Registration criteria prioritised two especially vulnerable groups:

- 125,438 Special needs.
- 206,003 Female-headed families.

The highest number of people registered is in Rural Damascus at 30% of total registrations, followed by Aleepo, Al-Hasakeh, Dar’a and Homs with a total of 50% of the registrations.

**Gender and Age Breakdown:**

Age and gender disaggregation of data shows the percentage of male and female beneficiaries and that more than 30% are children.

SARC has reached an average of 5.5 million people per year for the last four years.

The number of people registered differs on a semi-annual basis, the numbers of registrations in the first half of the year are lower than that in the second half of the year for two main reasons:

- Regular beneficiaries’ assessment that decreases of numbers at the first half.
- People registered in newly accessible areas by the end of the year drives the numbers up.
SARC’s Registration Profile

No. people registered (Numbers in Thousands)

- Rural Damascus: 1.6
- Aleppo: 782K
- Al-Hasakeh: 735K
- Dar'a: 733K
- Homs: 615K
- Deir-ez-Zor: 406K
- Damascus: 170K
- Hama: 151K
- As-Sweida: 136K
- Lattakia: 126K
- Tartous: 98K
- Tartous: 55K

NUMBER OF PEOPLE REGISTERED 5,614,978

This Map is for information purposes only and has no political significance. Do not imply an official endorsement or acceptance by SARC.
SARC Presence in first quarter 2019

SARC, with the support of its partners, provides key sub-branches with essential operational costs, including rent and renovations, volunteer incentives and input for operations, warehouses and distribution. Partners supported 34 different SARC sub-branches and 3 SARC points.

Points: Small units reporting to the branches.
EMERGENCY RESPONSE

SARC carried out essential emergency responses during the first half of 2019.

AL-HOL CAMP RESPONSE

The camp is located 45 km to the east of Al-Hasakeh city. The camp consists of 7 sectors with 15,085 tents. The first four sectors shelter Iraqi refugees and others foreign nations. The fifth and seventh sectors contain displaced Syrians, while the sixth phase is empty.

During the response:

- 70 Volunteers from all SARC teams in Al-Hasakeh branch have been involved.
- 15 Vehicles have been used in the response.
- 1 Collective kitchen was equipped by the Water & Rehabilitation Team in cooperation with ICRC.
- The health promotion team launched activities about personal hygiene for 3,188 children from 6 to 12 years old.
- 15,264 People benefited from medical services provided by mobile clinics providing internal, gynecological, pediatric, radiography and pharmacy services.
- 2,896 Cases including 103 men, 1,382 women, 918 boys and 493 girls were treated by the First Aid team.
- Field hospital and clinics equipped by the Water & Rehabilitation Team in cooperation with the ICRC and the Norwegian Red Cross.
  - 1,327 Consultations provided by the field hospital.
  - 57% Of the patients were children under 15 years old.
  - 57 Surgeries & 1 birth surgery.
  - 146 Patients.
- Psychosocial support point was established in the field hospital that provided:
  - 17 Awareness sessions.
  - 5 Psychiatric first aid sessions.
  - 36 Recreational activities.
  - 1,494 Affected people attended including 707 adults, 101 adolescents and 686 children.

The following activities were also delivered

- 81 Health units (Shower).
- 324 Latrines.
- 43Km³ Water Trucking.
- 238 Tanks (2m³).
- 948 Tents.
- 6,240 m³ Solid waste removed.
- 2,443 m³ Drilling & cleaning sewers.
- 226 Waste metal containers (100 liter).

Installing an electricity generator (45 KVA) to supply the camp’s water desalination plant.
EMERGENCY RESPONSE

Distributed Items

FOOD & NUTRITION
- 848,790 Plumpy doz.
- 672,392 Hot meals.
- 82,497 Canned food parcels.
- 72,192 Food parcels.

NON-FOOD ITEMS & SHELTER
- 28,188 Winter clothes.
- 14,900 Blankets.
- 3,000 Mattresses.
- 100 Plastic sheets.
- 20 Carpets.

WATER AND REHABILITATION
- 42,000 Baby diapers.
- 68,180 Water bottles.
- 20,500 Adult diapers.
- 15,940 Soap Bars.
- 2,000 Hygiene kits.

AL-HASAKEH FLOOD RESPONSE

At the end of March 2019, heavy rains fell in vast areas of the governorate reaching 400mm, which led to overflowing rivers and dams.

Flooding intensified as Turkey opened their dams which were close to maximum capacity.

The flood affected areas were Tel Hamis, Rad Chaqra, Jaza’a, Al-Yarubiyah, Tel Barak, Jawadiyeh, Ma’abda, Al-Arishah, Al-Zahtania, Al-Shadada and Merkada.

The results were disastrous. More than 1,000 dunums of lands planted with barley and wheat were destroyed. 5,000 houses and six bridges were damaged or destroyed along with loss of livestock and poultry.

- 57,143 Affected families.
- 331,470 Affected people including 500 Displaced families hosted by local community

Most affected were farmers and livestock farmers from the local community, as well as IDPs in the Arishah camp.

During the response:

Distributed Items

FOOD & NUTRITION
- 10,150 Canned food parcels.
- 2,300 Food parcels.

NON-FOOD ITEMS & SHELTER
- 8,000 Blankets.
- 1,500 Mattresses.
- 900 Plastic sheets.

WATER AND REHABILITATION
- 21,600 Baby diapers.
- 14,400 Adult diapers.
- 4,000 Hygiene kits.

- 200 Medical services provided by mobile medical unit.
- 150 Malnutrition cases monitored and treated.
- 4 Mine risk educational sessions conducted by risk education team.

Beneficiaries from all age groups.
- 908
- 760 Informational brochures distributed.

1,970 Services provided by psychosocial team.
- 16 First aid psychological sessions.
- 18 Self-learning activities.
- 45 Awareness sessions.
- 55 Recreational activities and psychosocial support sessions.
EMERGENCY RESPONSE

IDLEB EMERGENCY RESPONSE

The continuation of military operations in northern and western rural Hama and southern rural Idlib, in addition to the expansion of the affected areas in the north led to an increase in displacement movement towards safer areas in Idlib and western and northern rural Aleppo.

511,352 Displaced people. 78,667 Displaced families. 100,000 Targeted people.

During the Response:

- 4 Shelters rehabilitated in Idlib.
- 20 Jerry cans distributed.
- 2,000 1.5 Liter water bottles distributed.
- 2 1000 Liter water tanks installed in the shelters.
- 1 75,000 Liter water tank installed in the shelters.
- 171 Cases were transferred to Idlib Hospital by First Aid teams in Idlib branch.

Primary health care and first aid provided in the medical points in Idlib branch and Ariha sub-branch, as well as incubator services provided in Idlib.

HAMA EMERGENCY RESPONSE

-1 Sinjar Response:

Hama branch in cooperation with Idlib branch responded to 2,254 families returning to Sinjar, Sraa, Hawa and Tall Alkaram areas of southern rural Idlib.

SARC also responded to 2,135 returnee families in the Al-Saan area through distribution of 2,135 food parcels.
Convoys

Under its mandate to alleviate human suffering in hard-to-reach areas, SARC delivered 57 convoys with life-saving multi-sectoral humanitarian assistance in collaboration with Movement partners and the UN Agencies.

By mid 2019, SARC had delivered convoys to four governorates

1 **Convoy to Aleppo** using 37 trucks.
   Covered needs in Food, NFI, WASH, Health, Nutrition, Education and Protection sectors.

54 **Convoys to Dar’a** using 468 trucks.
   Covered needs in Food, NFI, WASH and Nutrition sectors.

1 **Convoy to Deir-ez-Zor** using 6 trucks.
   Covered needs in Food, NFI, WASH and Nutrition sectors.

1 **Convoy to Rural Damascus (Rukban camp)** using 133 trucks.
   Covered needs in Food, NFI, WASH, Health, Nutrition, Education and Protection sectors.

**HEALTH**

SARC delivered medication that covered the needs of 91,725 people.
Evacuation

In the first half of 2019, evacuation targeted families coming out from Rukban camp. SARC teams met families at the crossing point and provided them with the emergency services including First aid, Health care, Food and Non-Food items. Other teams accompanied them to shelters in Homs, which had been equipped by SARC teams.

Details of Intervention:

22 Evacuations. 15,664 People evacuated.
75 Volunteers and 25 staff from all departments worked on daily bases.
39 Vehicles used in the evacuations.

 Trucks 15  Service car 10  Ambulance 7

- First aid services were provided to 592 people:
  275 On-the-spot treatment.
  317 Transportation.

- Medical services provided to 7,300 people by the Rural Damascus branch team at the crossing point, and by the Homs branch team in shelters.
  1,832 Cases of internal clinics.
  3,172 Cases in pediatric clinics.
  2,296 Cases in gynecological clinics.

- Psychosocial Support Teams in Homs branch provided services to 3,472 beneficiaries in shelters.
  1,750 Beneficiaries of recreational activities.
  568 Beneficiaries of awareness of the remnants of war.
  530 Beneficiaries of awareness messages.
  347 Beneficiaries of psychological first aid.
  179 External referral.
  71 Internal referral.

- Medical Mobile Team in Homs branch provided services to 2,840 beneficiaries in shelters.

• Five babies were delivered to SARC Hospital in Homs, in addition to a pregnant mother who transferred by Rural Damascus first aid team from the cross point to Al Qutayfah Hospital for the delivery.

HEALTH

The Medical Services Department of the SARC has worked to provide health services through hospitals, clinics, emergency health points (EHP), First aid (FA) centers, physiotherapy centers, prosthesis centers, mental health clinics, and nutrition clinics in all Syrian governorates. These services are provided for free to the most vulnerable people including:

- Returnees
- Displaced
- Host community

Mobile health units provided health services to beneficiaries in remote and unserved areas, and played a major role in alleviating the suffering of people especially children, women and the elderly.

Medical mobile teams (MMTs) and community based health and first aid volunteers provided health awareness, behavioral change services, pregnancy and family planning services, recreational activities and individual and group counseling sessions.

In some of its facilities, SARC has provided specialist services:

- Kidney dialysis
- CT scans
- Radiography
- Prosthesis
- Mammography
- Infan incubators

Total number of **medical services** provided during the first half of 2019: **1,197,284**

- **394,684** Medical services in 38 clinics.
- **226,446** Medical services in 12 emergency health points (EHPs).
- **86,741** Medical services through 25 mobile health units (MHUs).
- **150,867** Medical services through 21 medical mobile teams (MMTs).
- **61,895** Services in 45 first-aid centers.
- **62,422** Beneficiaries in 11 nutrition centers.
- **7,195** Medical services in 6 mental health clinics.
- **4,579** Physiotherapy services in 2 centers.
- **358** Artificial limbs in prosthesis center.
- **202,097** CBHFA services through 201 volunteers.
Maternal, Child Health and Nutrition (MCHN)

The project provides integrated nutrition services at SARC health facilities, this includes:

- Medical equipment, medicines and nutrition supplements.
- Outreach community screening to identify urgent cases and provide nutrition services to prevent malnutrition especially in children.
- Covering the cost of Community-based Management of Acute Malnutrition (CMAM) cases with medical complications to be hospitalized for stabilization. This is through the SARC Aleppo Childrens Hospital.

Nutrition Clinics & Mobile Teams

Nutrition Clinic team consists of:

- Pediatrician, nutritionist and 3 volunteers.
- Total No. pediatricians: 10
- Total No. nutritionists: 7

SARC provided nutritional services through 12 clinics and mobile teams to children and pregnant and lactating mothers in 8 governorates: Aleppo, Al-Hasakeh, As-Sweida, Dara, Deir-ez-Zor, Rural Damascus, Hama and Lattakia.

Total Number of Beneficiaries 62,422

- 45,003 Children
- 12,597 Pregnant & Lactating Women - PLW
- 4,822 Special cases and people with disabilities

The project nutrition services:

- Screening, diagnosis and treatment of acute malnutrition cases for children under 5 years of age.
- Providing medicines and nutrition supplements and follow-up for children with acute malnutrition and continued preventive follow-up after recovery.
- Screening, diagnosis and treatment of cases of malnutrition, anemia and vitamin deficiency in pregnant and lactating women, including providing medicines and nutrition supplements and following-up to ensure the treatment is effective.
- Health education for pregnant and lactating mother to increase the awareness of how to prevent malnutrition.
- Implement SARC’s referral system at all nutrition clinics for all malnutrition cases.
- Outreach screening at community level by nutrition team to cover the need for nutrition services in some vulnerable and hard to reach areas.

Key Figures:

- No. beneficiaries: 62,422
- No. staff & volunteers: 59
- No. clinics: 12
MATERNAL, CHILD HEALTH AND NUTRITION (MCHN)

Services provided:

- Screening & awareness: 562
- Prevention supplements: 7,621
- Malnutrition supplements & medicines: 26,231
- Children: 2,098
- Pregnant & Lactating Women - PLW: 3,922
- Special cases & people with disabilities: 1,054

Most Commonly Distributed Nutrition Items:

Nutrition treatment supplements:
- Plumpy Sup: To treat MAM cases.
- Plumpy Nut: To treat SAM cases.
- Prevention supplements (Plumpy Doz and HEP-Energy Biscuits).
- Multivitamin & Mineral micronutrients: To treat micronutrient deficiency

Protection

The Community Services Unit adopts a comprehensive approach that aims to create strong, resilient and self-sufficient individuals who can contribute positively to their families and communities. Services are provided through community centers and mobile teams targeting the most vulnerable groups, especially children, adolescents and caregivers through a variety of activities. This includes case management and the workshops on flexibility and life skills and the impact of the crisis in all provinces.

**Semi structured activities:**

- **Recreational Activities:**
  Aimed at children between the ages of 5 - 17. Providing a safe space for children to play and helping them to establish links with others and contribute to their self-confidence.

- **Structured activities:**

  - **Life Skills Sessions:**
    Aimed at adolescents & youth between the ages of 14 - 24. Includes 13 sessions on various topics including thinking skills, youth initiatives and critical thinking.

  - **Youth Initiative:**
    Taking up ideas and activities proposed by adolescents and youth participating in life skills sessions. This aims to help participants to move to the empowerment stage because this segment it is an important role in community.

  - **Resilience sessions:**
    Aimed at children between the ages of 10 - 18. These sessions aim to improve the psychosocial well-being of children and caregivers. Sessions cover protection, self-confidence and responses to violence.

- **Case Management:**
  The case management approach is used where the case manager assesses, assigns, monitors and develops an intervention and referral plan by mapping social services and assisting them in networking with services in the SARC and other local NGOs.

**Key Figures:**

- No. beneficiaries: 269,010
- No. PSS services: 384,507
- No. staff & volunteers: 800

- **Awareness sessions:**
  Includes two types of awareness:
  - Risk education and child protection.

- **Vocational training:**
  Aimed at adults and caregivers over the age of 16. People are supported to develop skills and expertise that will help them in their future work and in order to promote sustainability of livelihoods and communities.

- **Informal educational activities:**
  - Remedial Classes
  - Informal support classes
  - Literacy classes

- **Mainstreaming PSS & Protection Principles:**
  - Support to health care practitioners in SARC clinics, EHPs, hospitals, physiotherapy, medical mobile teams aimed at alleviating burden on health workers.
  - Support to DM, FA and relief teams when carrying out their humanitarian duties.
  - Support to staff and volunteers throughout SARC through capacity building and peer to peer support.
Community services were provided in 13 governorates.

- **42 Mobile teams, provided 298,565 services.**
- **13 Community centers, without active outreach, provided 85,942 services.**

At the beginning of 2019:
- The community projects started providing psychosocial support services within the medical points.
- Technical supervision was also initiated by the project on psychological and social support services within physiotherapy centers.
The Humanitarian Support Project is a partnership between SARC and The United Nations High Commissioner for Refugees (UNHCR), which provides affected Syrian families with support and humanitarian aid, and works within the protection, health and shelter sectors.

The project includes 21 community centers & satellite centers located in 10 governorates in addition to the administration in Damascus governorate and the Legal Services department which operates in 14 governorates. The project also supports 8 clinics which provide medical services in 4 governorates.

### Key Figures:
- **No. beneficiaries**: 156,769
- **No. staff & volunteers**: 1,490

### Protection Sector:

**Child Protection**
- 27,207 Beneficiaries
  - 46 Committees\Groups
  - 1,249 Assessments
  - 562 Awareness sessions
  - 12,745 Beneficiaries of awareness sessions
  - 465 Recreational events
  - 13,213 Beneficiaries of recreational events

**Psychosocial Support**
- 13,677 Beneficiaries
  - 202 Children with special needs receiving Specific Support
  - 2,686 Psychosocial support & mental health services
  - 557 Recreational events (Including awareness)
  - 10,789 Beneficiaries of awareness sessions & recreational activities

**Community Mobilization**:
- 2 Community-led initiatives (CLIs).
- 4 Group community-led initiative trained (GCLIs).
- 1 Community-based organization trained (CBO trained).

**Sex and Gender Based Violence (SGBV)**
- 8,665 Beneficiaries
  - 242 Reported SGBV incidents that received psychological counselling
  - 330 Awareness sessions about SGBV
  - 7,340 Beneficiaries of awareness sessions
  - 1,083 SGBV kits

**Livelhood**
- 123 Beneficiaries
  - 123 Vocational Training: Apprenticeship training.

**Legal Services**
- 93,753 Beneficiaries
  - 85 Legal ORVs
  - 140 Lawyers
  - 1,628 Awareness sessions
  - 33,229 Beneficiaries of awareness sessions
  - 55,771 Legal consultations
  - 1,856 Legal intervention before courts
  - 2,897 Legal intervention before administrative bodies

**Outreach Volunteers (ORVs)**
- 299 Beneficiaries
**Humanitarian Support Project**

**Education**
- 2,045 Homework cafe
- 5,486 Accelerated learning program
- 954 Dropped-out students integrated into formal education

**In-kind Assistance**
- 4 Medical in-kind items
- 4,855 General in-kind items

**SHELTER SECTOR:**
- 102,397 Families received core relief items.
- 33 Shelter kits installed during Al-Rukban response.

**MEDICAL SECTOR:**
Primary health care services: the program provides medical consultations and medical awareness sessions at Al-Mkharram satellite center in Homs, and at Quneitra and Tartous community centers.

**IN-KIND ASSISTANCE**
- 4,859 Beneficiaries

**Total number of beneficiaries 3,456**

**No. Beneficiaries**
- Al-Mkharram: 1,149
- Quneitra: 1,302
- Tartous: 1,005

Livelihood Interventions

Livelihoods support to restore agricultural activities:
This intervention targets families and communities that depend on agriculture as the main source of income through the distribution of agricultural inputs including vegetable seeds, wheat seeds, barley, fertilizers, irrigation nets and agricultural tools.

Distribution of livestock:
This intervention aims to support families with previous experience in the field of livestock and poultry to restore their livelihoods by providing them with livestock inputs including pregnant ewes, poultry, feed, vaccines, and veterinary services.

Livelihood Projects

Home gardening project:

Beneficiaries Targeted 31,700
The grant was started in 2018, and the beneficiaries reached in 2018 was 5,220

- Beneficiaries reached 26,480
- No. assessment forms 1,128
- No. monitoring forms 143
- No. impact surveys 79

Seeds & fertilizers project:

Beneficiaries Targeted 30,500

- Beneficiaries reached 16,458
- No. assessment forms 460
- No. monitoring forms 292

Supporting fruit trees farmers (Agro tools):

Beneficiaries Targeted 512

- Beneficiaries reached 337

Community projects

This intervention seeks to contribute to restoring livelihoods in affected communities and reducing their vulnerability by providing support for the public benefit of society.

Supporting micro economic initiatives:
Aims to support beneficiaries to establish income-generating activities by providing them with productive inputs.

Vocational training:
This intervention aims to support the affected people by employing their expertise and providing them with new skills that enable them to restore sustainable and income-generating activities.

Sheep & feed project:

Beneficiaries Targeted 800
The project was conducted in 2018 and follow up it in 2019 by monitoring the health of ewes and providing vaccines and feed.

- Beneficiaries reached 800
- No. assessment forms 235
- No. monitoring forms 800

Agricultural & livelihood assistance

Beneficiaries Targeted 2400
Poultry: 960 beneficiaries & Home gardening: 1,440 beneficiaries.

- No. assessment forms 286

Lands rehabilitation (Water Pumps)

Beneficiaries Targeted 233
Benefited from 57 water pumps.

- Beneficiaries reached 233
- No. assessment forms 233
**Livelihood**

**Poultry project:**
- Beneficiaries Targeted: 400
- Beneficiaries reached: 400
- No. assessment forms: 358
- No. monitoring forms: 277

**Vocational training in carpet manufacturing**
- Beneficiaries Targeted: 300
- No. assessment forms: 246

**Rehabilitation of traditional crafts**
- Beneficiaries Targeted: 100
- No. assessment forms: 45

**MEI (Micro Economic Initiative)**
- Beneficiaries Targeted: 1,100
- Beneficiaries reached: 400
- No. assessment forms: 45
- No. monitoring forms: 917

**Tailoring project:**
- Beneficiaries Targeted: 30
  - The project was completed in 2018 and follow up the Impact measurement in 2019
  - Beneficiaries reached: 30

**Beneficiaries Type**

- People affected: 25,984
- Returnees: 3,354
- Local community: 17,428
- Host community: 500
- PRP: 154
- Women H.H: 36
- Widows: 82

**Water and Rehabilitation**

**Water and Sanitation Sector:**

Water and Sanitation Sector contributed to:

- **Maintenance of damaged water stations:**
  - 9,307 m² Water network pipelines maintained.
  - 84 Boreholes prepared.
  - 27 Pumping stations rehabilitated.
  - 2 Purification stations rehabilitated in As-swieda and Lattakia.
  - 2,227 m² Sewage pipelines rehabilitated in Hama, Tartous and Aleppo.

- **Water treatment chemicals:**
  - 862 ton Water treatment materials provided.
    - 518 ton HTH
    - 235 ton AL(SO₄)₃
    - 60 ton NaOCl
    - 48 ton Chlorine Gas

- **Water emergency response:**
  - Water emergency response work supplying water through cisterns, securing tanks and water bottles including water works in IDP’s centers
  - In addition to providing services to:
    - 12 Camps
    - 48 Shelters which served 44,260 beneficiaries.
    - 19,529 Beneficiaries from the Returnees projects.

- **Solid waste management:**
  - 9,480 m³ Solid waste transported in Al-Hasakeh.

**Key Figures:**

- **No. beneficiaries:** 19,225,774
  - Approximate number of WASH beneficiaries from water treatment through chemicals, maintenance of damaged water stations and pipelines and water emergency response.

- **No. staff & volunteers:** 365
  - 14 Water team
  - 13 Health promotion teams

**Construction and Infrastructure Sector:**

- **Health centers and clinics rehabilitated in:**
  - Rural Damascus, Damascus, Homs, Hama, Al-Hasakeh, Aleppo and Tartous.
- **Bakeries supplied with mechanical and electrical equipment in:**
  - Tartous, Homs, Hama, Deir-ez-Zor, Rural Damascus and As-Sweida.
- **Collective kitchens equipped to serve the beneficiaries in the IDP center in Al-Hasakeh.**

**Health Awareness Promotion Program:**

The program aims to:

- Enable people to take the necessary actions to prevent and reduce the spread of diseases related to water, sanitation and hygiene promotion.
- Perform awareness campaigns regarding the rational use of water, hygiene and awareness methods.

- **Number of health promotion activities:** 2,659
- **Number of health promotion beneficiaries:** 829,591
- **Training:** 13 Sessions, 256 participants.
- **Distribution:** 918 Distributed items, covers 525,186 beneficiaries.
- **Awareness:** 1,282 Awareness sessions, 304,149 beneficiaries.
- **Assessment:** 446 sessions.
## Water and Rehabilitation

### Most Frequently Distributed Health Promotion Items

- **Soap**: 191K
- **Anti lice shampoo**: 163K
- **Hygiene kits**: 30K
- **Sanitary Napkins**: 10K

### Health Promotion Awareness Messages

- Prevention of lice
- Prevention of leishmaniasis
- General & personal hygiene

**RISK EDUCATION**

The Mine and Explosive Remnants of War Risk Education (Mine/ERW RE) project aims to increase resilience to weapon contamination of the civilians residing in conflict-affected areas through promoting risk awareness and safer behavior. RE teams:

- Conduct needs assessment in conflict affected communities.
- Deliver Mine/ERW risk education sessions to civilians living in conflict affected communities.
- Facilitate the access of Mine/ERW casualties to physical rehabilitation and prosthetic centers.
- Enable operational continuity in all regions by providing safety trainings to staff and volunteers of the Syrian Arab Red Crescent.

**Details of Activities and Outputs**

**Victims Assistance:**

The RE teams from Aleppo, Idleb and Rural Damascus assisted the Mine/ERW casualties by informing them about the services of prosthetics centers in Aleppo and Damascus facilitating their registration. They also provided approvals for the casualties to be transferred to these centers in cooperation with the operations department. 38 casualties in total were assisted in this way.

**Mine/ERW Risk Education:**

Based on the needs assessment reports, the RE teams conducted risk education sessions and events in 1,223 communities and covered over 41,993 beneficiaries in total.

The teams gave training to the beneficiaries using different tools including:

1. Awareness videos.
2. Shadow theater.
3. Social media.
4. Puppet theater.

Under these activities the teams informed the population on threats related to weapon contamination, hazardous areas and encouraged safe behavior.

On these occasions the teams also distributed RE brochures to the beneficiaries.

**Needs Assessment in Conflict Affected Communities:**

To have a better understanding of the weapon contamination problem in conflict affected communities and to be able to prioritize RE activities, in cooperation with local administration and population, RE teams have conducted need assessments in 222 communities during the reporting period.

Under this activity the RE teams collected data on type of infrastructure and premises blocked due to potential weapon contamination, type of weapon contamination present, accidents, casualties and other problems communities are facing.
