

Rainfall Forecast Somalia

Issued: 27/04/2015

Saadaasha Roobka Soomaaliya

Soo Baxay: 27/04/2015

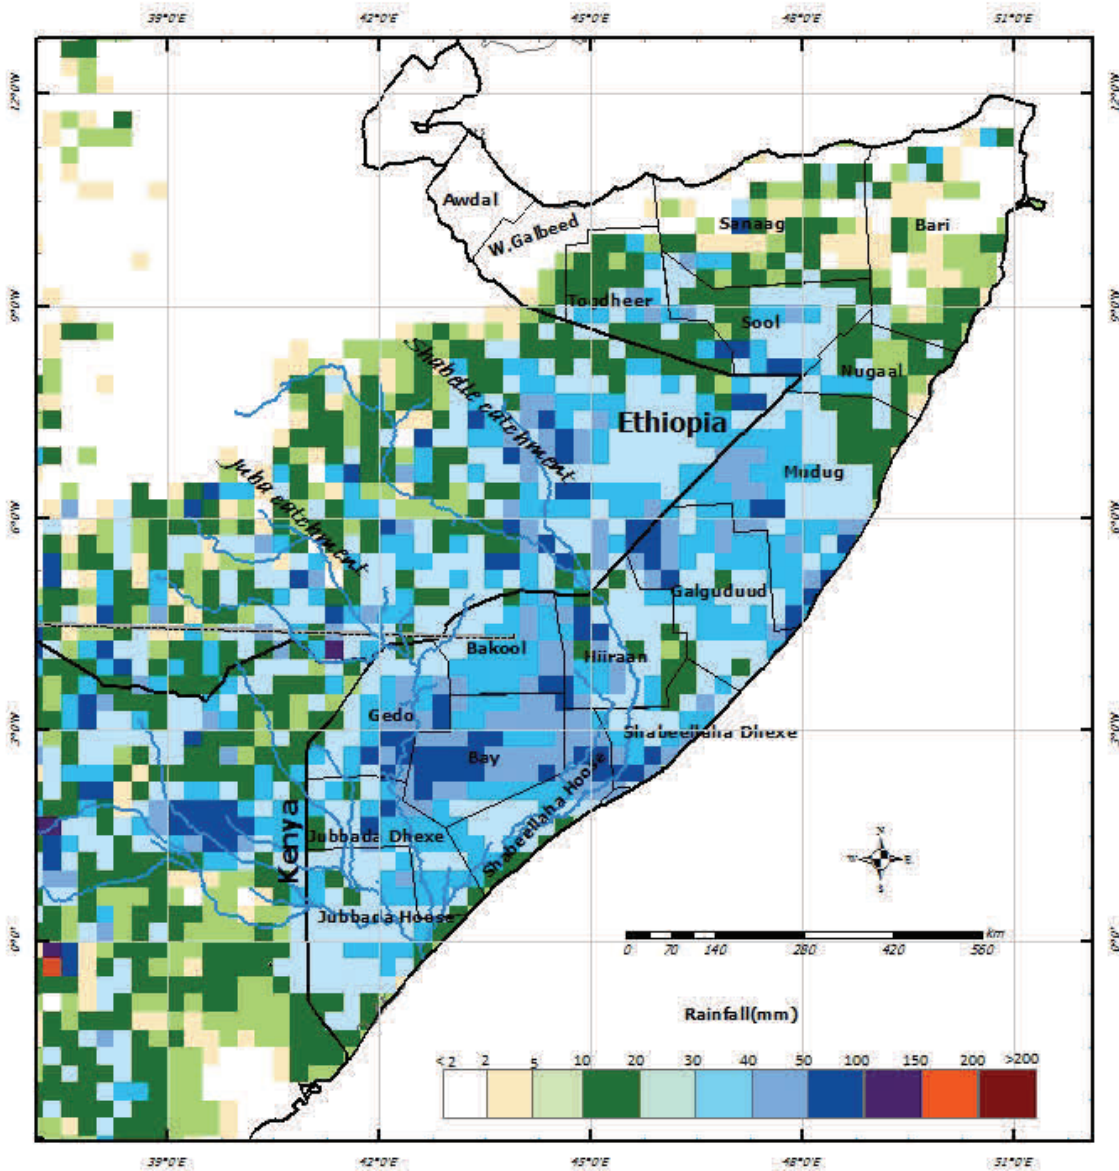

Food and Agriculture Organization
of the United Nations

Moderate to heavy rains are expected in most parts of the country in the coming three days. However, the north western parts including Awdal and parts of Woqooyi Galbeed may receive little or no rains during the same period. Flash floods may occur in central regions and other low lying areas due to the foreseen rains.

3-day accumulated rainfall forecast (27/04/2015 to 29/04/2015)

Each cell on the map represents the forecasted accumulated rainfall over the next 3 days / *Xubin walba oo naqshadda koorkeeda ah waxay muujinaysaa guud ahaan saadaasha roobka ee saddexda maalmood ee soo socota*
