In the last four months of 2021, the Sudan Humanitarian Fund (SHF) allocated $13.9 million to respond to emergency shocks, ranging from floods, localized drought, intercommunal violence, displacement, to a Covid-19 surge. A further $9.3 million was allocated for the provision of basic humanitarian services to newly accessible areas. The prepositioning of stock instrument was challenged by global supply chain issues; around 10% of the grant value charged against stock distributed in response to floods and displacement.

In 2021, SHF was positioned as one of the main funding sources to support people affected by emergency shocks. Of the $57 million allocated, almost two-thirds were allocated to a timely response to emergency shocks. Furthermore, almost a quarter of the funding was allocated to protection and education sectors and a fifth to national NGO’s, showing distinct progress on SHF’s priorities.
STRATEGIC PRIORITIES

Expected achievements

- 20K School kits provided to children
- 957K People accessing health care
- 260 Community based protection networks created/supported
- 160K People reached with protection community awareness sessions
- 3K People consulted before design of SHF funded projects
- 5K People consulted during project implementation

| To Agencies       | $0.9M
| To NGOs           | $9.7M
| To INGO's         | $1.8M
| Total             | $37.2M

Capacity strengthening

- 9 Training sessions
- 469 People trained
- 131 NGO staff trained

Amounts do not include prepositioning of stock.
**Resurgence of intercommunal conflict in West Darfur**

**Surge in new COVID-19 infections**

**Timeline**

- **Jan 2021**: Response to large-scale displacement due to intercommunal violence in West Darfur. (1 M)
- **Mar 2021**: Allocated to FAO to support vaccination of livestock in newly accessible areas. (115K)
- **Apr 2021**: Grant for the continuation of health services at Khartoum COVID-19 centre. (300K)
- **May 2021**: Funding for countrywide multi-needs assessment. (23.5M)
- **Jun 2021**: Funding for prepositioning of life-saving supplies for new or deteriorating emergencies. (23.5M)
- **Jul 2021**: Heavy rains and flash floods affected about 314,500 people across Sudan. SHF responded to the four most-affected states, providing drinking water, emergency shelter, cooking and hygiene materials and mosquito nets, as well as access to health and sanitation services to the affected people. (7.1M)
- **Aug 2021**: Response to large-scale displacement due to intercommunal violence in West Darfur. (1 M)
- **Sep 2021**: After 10 years of being cut off from Sudan humanitarian assistance, newly accessed and underserved populations in four conflict-affected states received emergency support in education, health, WASH, protection and food security. These areas have been in protracted conflict between government and non-state actors creating chronic unmet humanitarian need. (1.9M)
- **Oct 2021**: Allocation to respond to large scale displacements following intercommunal violence in West Darfur, North Darfur and South Kordofan, protracted displacement in East Darfur and returnees in West Darfur. SHF partners distributed shelters and cooking items to displaced and returning people, assured access to drinking water, provided primary health care and ran family-reunification programmes. (6.1M)
- **Nov 2021**: A new surge in COVID-19 cases in November required quick funding to restore and scale up services in isolation centers, support case management, infection and prevention control, oxygen, medical and PPE supplies and medical staff training in Khartoum and six other states. (3.9M)
- **Dec 2021**: Response to a failed rainy season in Kassala, North Kordofan and North Darfur, to mitigate adverse effects on agricultural outputs and livestock, and water access and malnutrition for people. The response anticipates loss of livelihoods, displacement and conflict over resources by providing nutrition support, fodder to pastoralists and access to drinking water for people and livestock. (1 M)
