UNICEF HORN OF AFRICA RESPONSE

as of August 2018

UNICEF's Targets and Results

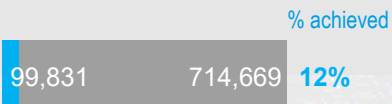

■ Gap
■ Cumulative results

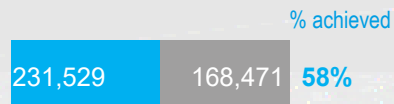

of children and women provided with access to emergency health care services

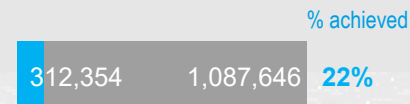

KENYA

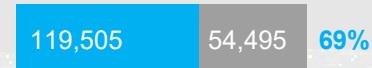

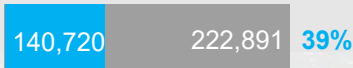

ETHIOPIA

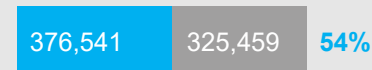

SOMALIA

of Children under 5 years admitted for Severe Acute Malnutrition (SAM) treatment

of persons reached with safe water

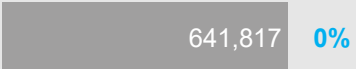

of children 3-18 affected by crisis accessing education

of children accessing child protection services

of children 6 months to 15 years vaccinated against measles

¹Including 13,500 South Sudanese refugee children. ²# of crisis affected people with adequate access to PHC services provided with emergency life-saving health services in high risk areas. ³# of emergency affected people with temporary access to adequate and safe water through chlorination, operation and maintenance, water trucking, vouchers and household water treatment ⁴This indicator is for Measles Immunization Campaigns, which are planned in August 2018
