The 2016 Targeted Supplementary Feeding Programme (TSF) targets 2.36 million children under five years of age, including 200,000 children with blanket supplementary feeding (BSF), and pregnant and nursing women who are suffering from moderate acute malnutrition (MAM) with Specialized Nutritious Foods (SNF). Currently, WFP covers 209 of 219 priority 1 hotspot Woredas, with NGOs and the Government responsible for coverage in the remaining 10.

**HIGHLIGHTS**

- In partnership with UNICEF and MoH, training of 20 Mobile Health and Nutrition teams on mobile provision of TSF is completed in Afar and the seven Woredas of Sitti Zone in Somali region. Prepositioning of commodities and distribution is ongoing.
- The July hotspot classification was finalised and Priority 1 Woredas are down from 219 to 206. Based on this, the TSFP annual beneficiary estimate is 2.36M, including 1.5 million children under 5 years and 836,000 pregnant and lactating mothers.
- WFP is strengthening partnership with INGOs to implement TSFP programmes. Ongoing tripartite agreements between the Government, NGOs and WFP are covering 67 Priority 1 Woredas.
