

WFP Ethiopia, Afar Region

Drought Emergency Targeted Supplementary Feeding Programme

November 2016

NOVEMBER
OVERALL STATUS
AS OF 30 NOV 2016

DISPATCHES AND DELIVERIES

KEY FIGURES

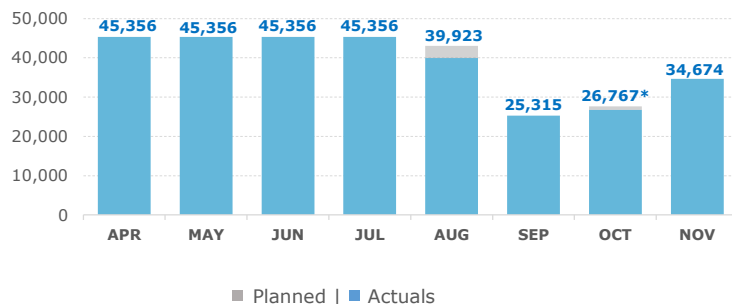

TSFP HIGHLIGHTS

- Four Mobile Health Nutrition Teams (MHNT), in Dalefage, Hadellela, Dulecha and Semurobi, were trained in screening for malnutrition, admission and treatment.
- Treatment of target beneficiaries with specialized nutritious food continued in November, with increased admissions mainly due to new screening figures.

TSFP MAM CHILDREN 6–59 MONTHS, BY MONTH

Planned vs. Actual
