

Questions to be answered by the enumerator

Action & Resources: For the pilot, appoint one person per depot to attend the first three training sessions. This person should be familiar with the proposed content of the training sessions and the correct use of LPG equipment. This person may require some training before carrying out this work at the depots.

Once the training program cooking set distribution is improved following feedback from the first training sessions, one person would attend 2 sessions per week at random times at each depot.
