Repatriation of registered Afghan refugees was 22% less compared to 678 refugees that repatriated between 29 October and 4 November 2017. The return of undocumented Afghans also decreased, by 13%, compared to last week's figure of 968 individuals. Some 86% (724 individuals) of the undocumented returnees were provided with needs-based assistance while 98% (521 individuals) of the registered Afghan refugee returnees were provided with cash assistance.
