Northeast: 1,064 people affected by floods received humanitarian assistance

Fighting between Afghan National Security Forces (ANSF) and a non-state armed group (NSAG) continued in Badakhshan, Baghlan, Takhar and Kunduz provinces. Interference by NSAGs reportedly caused some disruption to humanitarian programming in Baghlan and Kunduz provinces.

Despite operational constraints and the spread of COVID-19, humanitarian assistance reached 1,064 people affected by floods in Badakhshan, Takhar and Kunduz provinces. Furthermore, 175 people affected by conflict identified by interagency assessments teams will receive humanitarian assistance in the coming days in Badakhshan and Kunduz provinces.

East: 20,084 people received humanitarian assistance

The security situation across the east remains volatile and fighting continued between the ANSF and an NSAG mainly in Nangarhar province. On 14 June, one civilian was killed and four others injured when their vehicle was hit by an improvised explosive device (IED) in Behsud district, Nangarhar province. In another incident, two civilians were reportedly killed by an IED detonation in Deh Bala district, Nangarhar province.

In Nangarhar and Kunar provinces, 11,383 people affected by conflict received relief items, food, water, sanitation and hygiene (WASH) and cash assistance.

Also, 8,701 people received food under WFP's seasonal support programme in Laghman and Nuristan provinces.

Emergency cash assistance began for 1,000 nomadic families (7,000 people) currently stuck in Laghman due to COVID-19 movement restrictions.

In addition, 6,906 returnees, internally displaced persons (IDPs) and people from host communities were reached with emergency outpatient health services. A total of 427 children were vaccinated for polio and measles.

Locust infestations were reported in Nangarhar, Kunar and Laghman provinces. The UN is supporting efforts to control the desert locust infestation.

North: 5,655 people affected by conflict received humanitarian aid

The security situation remains volatile in Balkh, Faryab, Samangan, Sar-e-Pul and Jawzjan provinces.

Interagency assessment teams verified 1,519 people affected by conflict in Faryab and Sar-e-Pul provinces to receive humanitarian aid in the coming days. In addition, 806 families (about 5,655 people) displaced by conflict received humanitarian assistance in Balkh and Jawzjan provinces.

Unconfirmed reports were received of civilian casualties in Khas Uruzgan (Uruzgan), Shah Joi (Zabul) and Sangin (Hilmand).

According to initial reports, more than 800 people were displaced due to both the threat of violence and ongoing fighting between the ANSF and an NSAG in Qalat and Shah Joi districts in Zabul province. An interagency assessment in Lashkargah is ongoing for 800 IDPs previously reported by local authorities in Hilmand.

West: 1,600 people affected by conflict received humanitarian aid
