

CAUSALITIES

Injuries by treating facility

Hospitalized injuries by gender

Hospitalized injuries by age

Hospitalized injuries by severity

Health attacks

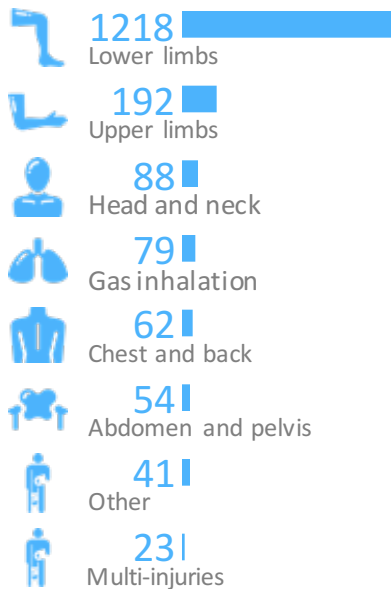

1 killed, 16 by tear gas inhalation, 1 by bullets and 1 by direct hit with tear gas canister

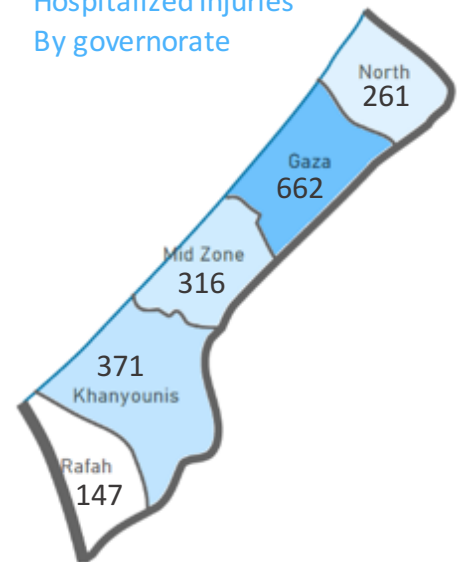

(2 MoH and 5 PRCS) were partially damaged due to targeting by tear gas canisters

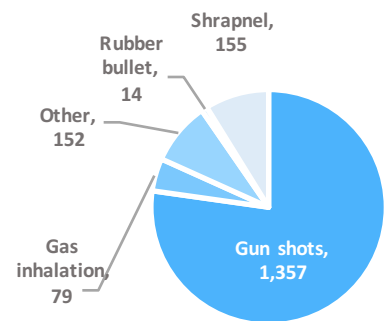

Hospitalized Injuries By affected body part

Hospitalized Injuries By governorate

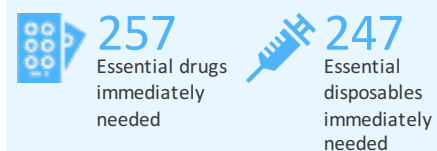

Type of hospitalized casualties

HEALTH CLUSTER RESPONSE

- The Palestinian Red Crescent Society (PRCS) transferred 1,098 cases to hospitals
- UNICEF is releasing 10 drug items, 1 disposable item and 300 First Aid Kits
- MSF deployed the following surgical teams:
 - 1 trauma surgeon with 2 operating theatre (OT) nurses
 - 1 vascular surgeon, 2 orthopedic surgeons, 1 anesthetist, 3 OT nurses to Al Aqsa Hospital
 - 1 vascular surgeon, 1 orthopedic surgeon, 1 plastic surgeon and 1 OT nurse to Al Awda Hospital
- MSF-France also donated 15 consumable items to European Gaza Hospital, 2 external fixator sets to Nasser Hospital, and 7 consumable items to Al Aqsa Hospital
- ICRC delivered 7 Weapon Wound (WW) Kits, 49 dressing sets, 10 external fixator sets, 200 body tags, 10 fans for the tents, 32 items of medical equipment and 412 assistive devices to the MoH and NGOs
- Medical Aid for Palestinians (MAP-UK) released 30 external fixators, 16 drugs and 18 disposables to the MoH, 4 drugs and 6 disposables to Al Awda Hospital
- MAP-UK deployed specialised EMTs:
 - 1 orthopaedic doctor, 1 trauma surgeon, and 2 reconstructive surgeons to Shifa and Al Awda Hospital
- Union of Health Work Committees (UHCWC) teams provided first aid and hospital services to 357 cases

NEEDS

- Due to the influx of the casualties on the 14th and 15th May, \$1.2 million USD is needed immediately for drugs and disposables to respond to the casualties
- A further \$3.9 million USD is needed to cover the medical supply needs and EMTs specific to the event between the 15th May until the 15th September
- Access to healthcare for non-trauma patients is being compromised. A further \$19.5 million USD is needed to cover the medium term chronic needs of the MoH and NGOs providing essential healthcare until August.
