

56,605 Children Displaced*

Among the recently displaced people by the Mosul emergency, 35% are school aged. The feared displacement in Western Mosul may double this figure.

29,621 Children Supported in TLS

Out of this, 14,636 re boys & 13,825 girls IDP children participating in non-formal education majorly in camp settings.

70 Schools Re-opened in E. Mosul

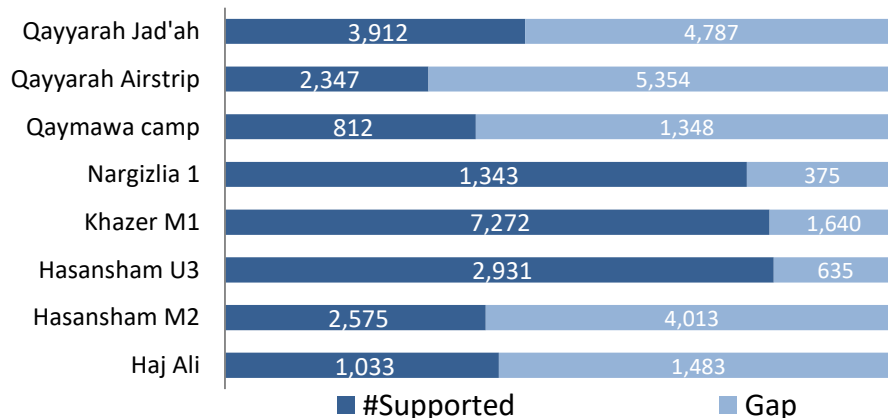

These resumed education following the re-opening of 30 schools in Eastern Mosul with partners support.

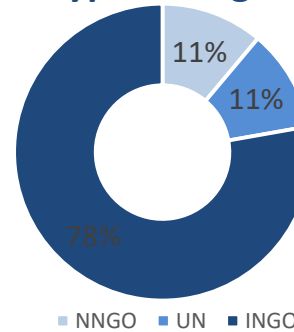

26,985 IDP Children Need EiE Support

Displaced school-aged children in camps are not accessing any form of education activities due to funding gaps

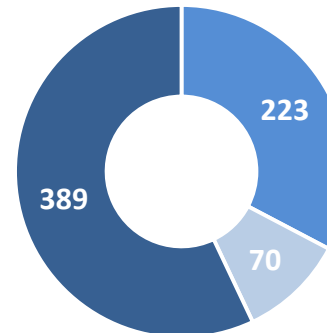

Children reached per camp

Type of Orgn

Teachers & PTAs

- Provision of Teacher Incentives
- PTA Training
- Teacher Training: PSS & PFA

Challenges

The unpaid teacher salaries continues to hamper the re-opening of schools in the re-taken areas in Eastern Mosul.

- Insufficient number of textbooks available for formal learning, as the Federal MoE does not have enough.
- Limited funding has stalled the scaling up of the response into the non-camp sites where some children have been out of school for close to 2 years.
