**Health emergencies** | As of 26 April, 857 measles cases have been reported in Bujumbura mairie province, the Cishemere Transit Centre and 2 refugee camps in Ruyigi, and Cankuzo provinces, up from 504 cases in March. Cholera is also on the rise, with 42 cases announced since the beginning of the year against 55 cases on the same period last year. **COVID-19** | Since 31 March 2020, a total of 19 cases of COVID-19, including 1 death, have been confirmed; 17 in Bujumbura Mairie and 2 in Bujumbura Rural provinces. The Ministry of Health maintains preventive measures, such as a 14-day quarantine for all travelers coming from affected areas, suspension of commercial flights and visas, and a hygiene awareness campaign. **Internally Displaced Persons** | According to the latest DTM, over 40,000 people have been displaced, mainly in Bujumbura Rural province, due to flooding caused by torrential rains in April, bringing the total number of IDPs in Burundi to 117,239. The natural disasters account 80% of the displacement. **Repatriation** | As of 30 April, 5,549 Burundians have been assisted to voluntarily return to Burundi since February 2020. **Refugees** | According to UNHCR, there are 167,191 Burundian refugees in Tanzania. Rwanda is hosting 69,831, DRC 47,144, Uganda 48,287.
