<td>100%</td>
<td>95%</td>
<td></td>
</tr>
</tbody>
</table>

Targets based on long term WASH Sector Standards / Indicators for the Rohingya response, Sphere Minimum Standards as well as Department of Public Health and Environment (DPHE) Minimum Standards. • Minimum standard/indicator reached, • 75%-99% minimum standard/indicator reached, • 50-74% minimum standard/indicator reached, • Less than 50% of minimum standard/indicator reached.

1. REACH enumerators conducted a full sweep of all sites and camps (as per boundaries defined by ISCG) and used an Open Data Kit (ODK) form to log all key infrastructure observed during this sweep, with further details to be logged for WASH infrastructure.
2. Safe refers to fully covered latrines (i.e. a latrine with four walls, a roof and a lockable door).
3. This includes handpumps / tube wells, tapstands and water tanks.
