### C. Humanitarian Response

There is no sufficient capacity of flood victims. There is big gaps in WASH, hygiene and nutritional Food and Shelter related support. They have provided to community only chlorine tablets and some general medicines and they have also provided them small size non-durable tarpuline sheets. The government doing effective search and rescue works and they are doing some important works as follows:

- The government doing excellent work in the flood affected areas and they have deployed 22 NDRF team with 100 boats, Army 8 teams with 80 boats and 2 Choppers, SDRF 22 teams with 82 boats.
- The Government started community kitchen
- The government provided ready to eat food packets Chana, Chura, Ghur and polysheet.
- The IAG-Bihar revising their resource mapping and prepared for response. The BIAG was conducted the planning meeting in Unicef Office Patana and discussed the overall scenario of disaster. The BIAG has formed 9 JRNA team for rapid assessment in worst affected districts. The formed team will be move by 18<sup>th</sup> August for JRNA in districts. They will compile the presentation and present the JRNA finding on 23 August in Unicef office for immediate response planning, commitments of agencies and finalization of working areas.

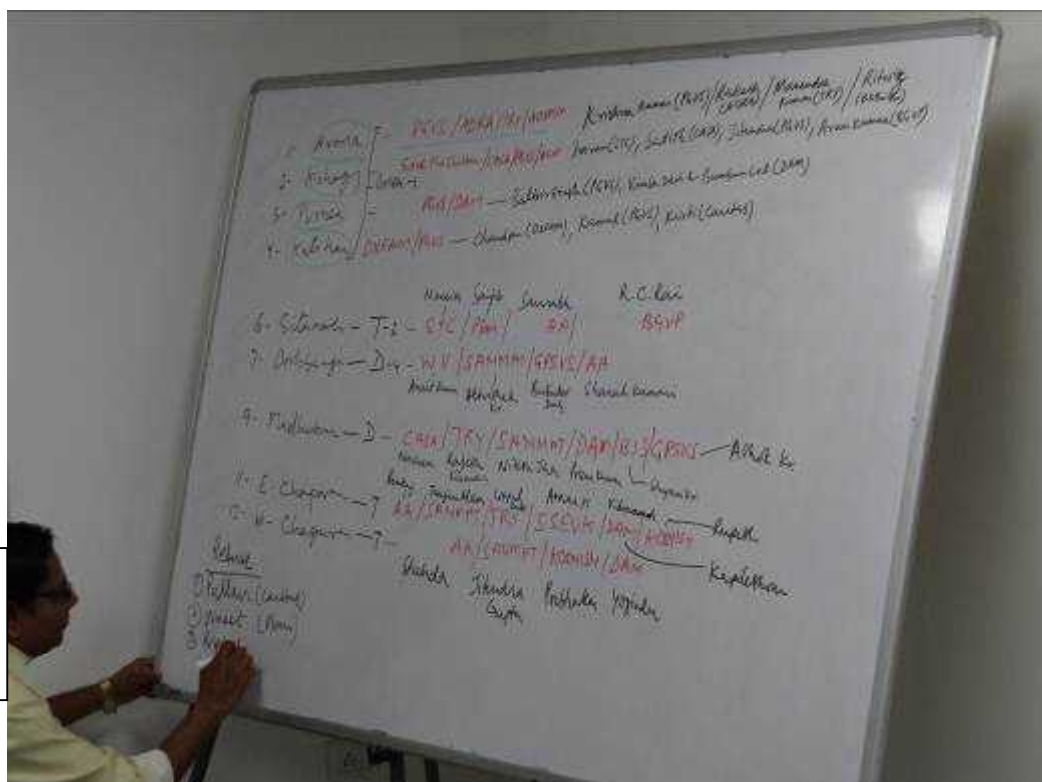

### D. Immediate need

- Medical health services
- Safe drinking water through establishment of water purification plant, accessibility of Aquatab or chlorine tablets etc.
- WASH Kit (Bucket with Lid, Plastic Mug, Sanitary Pad Bathing & Detergentsoaps)
- Shelter kit (Ropes and Top, Bed sheet and ground sheets)
- Ration for at least one week.
