

Yemen is currently one of the most underfunded humanitarian crises in the world. The Yemen Humanitarian Response Plan (YHRP) is only 18 per cent funded, with US\$282.5 million in contributions made against the \$1.6 billion in requirements for the year. An additional \$433.3 million has been contributed to humanitarian programmes outside the appeal and mainly by regional partners. The outstanding pledges from the regional donors amount to US\$355 million where as traditional donors have pledged US\$99 million that remains unpaid.
